Officers are Elected In Closing Session of State Convention.

YOUNGSTOWN GETS MEET

More Than 50 Councils Are Represented At Liberty Lodge Conclave.

With the election and installation of officers and the selection of Youngstown as the place for the 1921 conclave, the twenty-sixth annual state convention of the Sons and Daughters of Liberty in session at the I. O. O. F. temple here since Tuesday morning, closed at noon Wednesday.

Here are the new state officers:

State councilor, Mrs. Oletta Schubert, Miamisburg; associate state councilor, Mrs. Florence Steele, Belaire; vice councilor, Mrs. Laura Duley, Akron; associate vice councilor, Harry Todd, East Liverpool; state secretary, John W. Sellers, Akron; state associate secretary, Mrs. Jessie Faulhaber, Mt. Vernon; treasurer, Mrs. Minnie Custer, Dayton; associate treasurer, Mrs. Ella Hendershot, Bridgeport; inside guard, Mrs. Birdetta Seiler, Dayton; outside guard, Mrs. Edna Lynn, Canton; national representative, Mrs. Lydia Hood, Dayton; alternate representative, Mrs. Mary Ruhl, Dayton.

The new officers were formally installed late Wednesday forenoon. Mr. John W. Sellers, of Akron, past national councilor, acted as installing officer.

Youngstown was unopposed for next year's convention. Mr. Vernon which presented an invitation withdrew from the race Tuesday. The 1921 convention will open the fourth Tuesday in July.

More than 50 councils throughout Ohio were represented at the conclave here. Eighty properly accredited delegates registered at the Travelers' hotel, convention headquarters. Three sessions comprised the regular convention program. A reception Monday night at the Odd Fellows' temple, a theatre party and informal reception at the Harry Todd residence, 511 College street, Tuesday night and a sight-seeing trip through one of the Newell potteries Wednesday afternoon were features of the social program.

TO OCCUPY TWO TOWNS BEFORE AN ARMISTICE

PARIS, July 28.—The soviet government of Russia announced in a wireless dispatch today that Bolshevik troops will occupy Bielsk and Suwalki before an armistice is concluded with Poland as a guarantee. Bielsk is 110 miles northwest of Warsaw on the Warsaw-Vilna railway. Suwalki is 70 miles north of Bielsk and only 10 miles from the frontier of East Prussia.

G. O. P. CLUB MEETS TUESDAY

Bennett Calls Session to Stimulate Interest In Primaries.

Steps to stimulate interest in the approaching primaries, August 10th, will be taken at a meeting of the East Liverpool Republican club next Tuesday evening at 7:30 o'clock in the auditorium of Carnegie public library.

Attorney Ben L. Bennett, new president of the permanent organization, issued a call for the meeting Wednesday. Every East Liverpool candidate for political office at the August primaries will be invited to attend the meeting, Bennett said.

The city will be subdivided into political precincts and candidates assigned each district. Each appointee will be held responsible for the vote in his precinct.

Committees for the new club will be announced by President Bennett at Tuesday's meeting. Every member of a committee will be interviewed as to his willingness to serve before his name is placed upon any subordinate body, Bennett declared.

BUTCHER IS SLAIN WITH MEAT CLEAVER

CLEVELAND, July 28.—Police today are seeking the slayer of Charles Sparaco, a butcher, who was slain with a meat cleaver as he slept in a room in the rear of his shop. Robbery is believed to have been the motive as \$300 which Sparaco had in a trunk in his room is missing.

COAL CRISIS REPORT MAY BE FILED TODAY

President Awaits Advice On Situation From Secretary of Labor.

ILLINOIS STRIKE BROKEN

Men Employed In 12 Mines Return To Their Work.

WASHINGTON, July 28.—Secretary of Labor Wilson is expected to make a report to the president today on the coal situation. It was announced at the white house.

The president will not act with regard to appealing to coal miners to settle their labor troubles, until he has studied the report of Secretary Wilson.

Secretary Wilson has been on his farm in Pennsylvania for some time, but has been fully informed of all developments in the coal crisis and has prepared a report on every angle for the president's consideration.

DANVILLE, Ill., July 28.—The first break in the coal strike that has seriously threatened the supply from the central competitive fields since last Friday came today, when men employed in twelve Illinois mines returned to work.

An increase of \$2 a day for "top" men was the basis of the settlement that brought the men back to work. Shipping mines are still shut down, but it is believed the men returned today will hasten a settlement.

INDIANAPOLIS, Ind., July 28.—No effort will be made by the United Mine Workers to "enforce an immediate shutdown of all mines operating in the central competitive field involving some 210,000 men," as a result of the settlement at Danville, Ill., it was believed certain today. In a statement Saturday night, President Lewis of the mine workers, declared that any settlement made in Illinois which "modified the basic interstate agreement," would result in such a step unless applicable to all mines of the central competitive fields.

GOV. COX IS DICTATING SPEECH OF ACCEPTANCE

DAYTON, July 28.—Governor James M. Cox, Democratic presidential nominee, this morning started dictating the speech of acceptance which he will deliver at Montgomery county fair grounds, Dayton, on August 7, the date set for the official notification ceremonies.

For more than two weeks the governor has been gathering material for the speech, and yesterday he wrote out in lead pencil a section of the address, the phrasing of which he considers particularly important.

With the arrival from Columbus this morning of his stenographer, Miss Neil Parker, the governor got down to the task of putting the speech into final form and hoped soon to have it out of the way.

WILSON PLANNING VOYAGE ON MAYFLOWER

WASHINGTON, July 28.—President Wilson is considering a week-end voyage on the Mayflower this week, it was learned at the white house this afternoon.

Dr. Grayson stated today that the President continues to improve slowly and steadily and that improvement can be readily noted over his condition of two weeks ago.

Man Injured In Accident At McGarry Mine, Salineville, Believed to Be Dying At the East Liverpool Hospital.

DRAGGED 20 FEET AFTER SUSTAINING INJURIES

Caught By Steel Beam Protruding from Car When He Jumps Out of Path of Approaching Mine Train.

Peter Clever, aged 42, coal miner, is believed to be dying in the East Liverpool hospital today as a result of injuries sustained at 9:30 o'clock last evening, when he was crushed between a mine train and the wall of the McGarry coal mine at Salineville.

Clever was coupling a string of cars in one of the shafts when the train started to move. He jumped to the side of the track, but a steel beam protruding from one of the cars caught him about waist high, crushing him against the side of the shaft. His body was dragged more than 20 feet over the rough rock before the shouts of fellow workmen caused the engineer to bring the train to a halt.

The injured man was carried to the mine office where an examination showed he had received a badly crushed chest and other internal injuries. The E. G. Sturgis ambulance, called to the hospital here early today, Clever, who is unmarried, has been employed at the McGarry mine for three years. He is a resident of Salineville.

20 FIREMEN OVERCOME IN ARMOUR CO. FIRE

CHICAGO, July 28.—More than twenty firemen were overcome by heat and smoke in a fire that partially destroyed the beef house of Armour & Co., covering half a block at the stock yards early today. Damage of hundreds of thousands of dollars was caused by the blaze. Several of the firemen were rushed in an unconscious condition to hospitals.

TO DIRECT DEMOCRATIC FIGHT FROM NEW YORK

COLUMBUS, July 28.—The Democratic national campaign will be directed from headquarters at New York City, Charles E. Morris, secretary to Governor Cox, Democratic presidential nominee, announced today. A central headquarters will be located at Chicago. Another headquarters will be maintained on the Pacific coast.

INJURED LEG IS AMPUTATED

Joseph Fulmer Undergoes An Operation Necessitated By Slight Bruise.

As the result of injuries sustained in two accidents several years ago, Joseph Fulmer, a mill worker, residing in Gardendale, underwent an operation for the amputation of his left leg just above the knee, today at the City hospital.

Fulmer, who has been an employee of the American Sheet and Tin Plate mill in Chester for a number of years, first sustained a slight bruise on his limb when he was struck by a piece of steel. A few years later he was again injured, suffering a deep cut on the same leg. The bone became affected and the leg recently became practically useless. Physicians advised the amputation of the leg as the only means of saving the man's life.

Fulmer, who has been a resident of this city nearly all his life, is married.

State Representative David M. McLane, Justice of the Peace, is making an aggressive canvass for State Representative. Dave is capable and will represent the County with credit.

DISCUSSING WARREN'S CHANCES

Loren and Amos Harding.

Loren and Amos Harding are here shown discussing their cousin Warren's chances of winning the presidential election in November. They were boyhood chums of the Republican presidential nominee, and if he's elected they're going to take a run down to Washington and look the old White House over.

HARDING PREPARING CAMPAIGN SPEECHES

G. O. P. Nominee Will Make First Front Porch Address Saturday—Two Scheduled for Next Week.

BY A. O. HAYWARD

MARION, O., July 27.—Front porch campaign speeches are to be thought out and constructed today by Senator Warren G. Harding, the Republican presidential nominee, during an automobile ride if he can get away that long from his office.

He will make the first of these speeches next Saturday. Others will follow quickly, two more having been booked for early next week when delegations will begin to come with regularity.

For the past two days there has been a steady stream of visitors to the Harding headquarters. A few of these visitors had been invited for conferences on subjects in which the senator sought the latest information. Far more of them, however, were chance visitors, or tourists who had gone out of their way to come to Marion to meet the Republican candidate.

There are only a few conferences scheduled for today. Unless detained by visitors who are not expected the senator will take an automobile ride into the country both to rest and to collect his thoughts for the Saturday speech which will be to Ohio home folks, especially the men and women of the counties bordering Marion. This delegation will be made up of farmers, shop men and business men.

"Tell me how I can get more hours in which to do the work that I must do," said the senator today at a conference. The mass of correspondence, much of which the senator must attend to personally that pours into the Harding headquarters each day is enormous. Were it not that the senator is an early riser and is at his desk by 8 o'clock every morning he would soon be swamped. The visitors start coming in groups before 10 o'clock. Many are on hand to greet the senator as he crosses from his house to his office, which is in the adjoining detached home owned by George R. Christian, Jr., his private secretary. It is the senator's policy to meet as many of his visitors as he can no matter what the pressure of work.

MYSTERIOUS EXPLOSION OFF NEW JERSEY COAST

ATLANTIC CITY, N. J., July 28.—All vessels off the Jersey coast were today instructed by wireless to look for survivors of wreckage that would throw light on a mysterious explosion which occurred off Avalon, 20 miles south of this city last night. It was believed that a tank steamer, loaded with oil, blew up. Persons on shore saw a burst of flame and smoke shoot skyward and the muffled roar of an explosion. Search for a disabled vessel proved fruitless.

BODY OF GIRL IS RECOVERED FROM LAKE

MARION, July 28.—The body of 16-year old Nellie Trickey was found in Durfee's Lake today. She disappeared from her home Saturday. She was the daughter of B. O. Trickey, a former policeman. Her mother was dead and her father had remarried. Authorities say that she committed suicide.

FRANCE WILL TAKE PART IN PEACE PARLEY

Outlines Conditions for Discussion of Recognition of Soviet Government.

MOVE BASED ON NOTE

Paris Willing to Leave Russian Debt Question Up to Conferees.

BY EARLE C. REEVES.

LONDON, July 28.—The question of peace or war in eastern Europe was put squarely up to Russia today by the allies. France and Great Britain are in complete accord in the new Russian policy. Their agreement was sealed at the Boulogne conference of Premier Lloyd George and Premier Millerand which ended last night.

A note has been dispatched to Moscow notifying the soviet government that Russia must consent to a general peace parley, with the allies as participants, if peace is to be concluded with Poland and the other states bordering Russia.

PARIS, July 28.—France has finally decided to participate in a peace parley at London to discuss recognition of the soviet government, but only on condition that Russia meets the terms of the new note which the allies have dispatched to Moscow. This note calls for active participation by the allies in the conference.

The all-important news that France may take part in the proposed peace conference was not made public in Paris until after the return today of Premier Millerand from Boulogne. It was concealed in the Boulogne dispatches printed in the morning newspapers.

Instead of demanding that the soviet government first acknowledge the Russian national debt before a peace parley is held at London, the French apparently are now willing that the whole situation, including guaranty of the Russian debt, recognition of the soviet government and other questions, be discussed simultaneously.

France will insist, however, upon reserving liberty of action along with her allies in respect to recognition of Bolshevik Russia.

Another important result of the Boulogne conference is that France will not insist that American representation is necessary at the proposed general conference in London. Officials of the French foreign office had previously stated that France would not enter a general parley until the United States did likewise. The indications now are that while France will insist upon the importance of American representation, she may enter the conference even if the United States keeps out.

The allies' high commissioner at Dantzig has been ordered to take extreme measures against the strikers holding up munitions consigned to Poland, according to "Pettinax," the political editor of the Echo de Paris.

REFUSED PERMISSION TO GO OVER FALLS

CLEVELAND, July 28.—Permission to go over Niagara Falls in a barrel has been refused Thomas H. Whitford Jr. of Cleveland. It became known today. Whitford is a fireman on the New Central lines, and sought to ride over the falls in a barrel of his own construction. The mayor of Niagara Falls, Ontario, however, has refused not only Whitford but all other applicants since the recent fatal attempt of George Stephens of England. Alfred Russo of Toledo and Frank McCabe of Akron are said to have been among those whose request was denied.

ITALIAN SOLDIERS EVACUATING VALONA

PARIS, July 28.—The Italians are evacuating Valona, an important Adriatic port on the Albanian coast, said a Rome dispatch to the newspaper Excelsior today.

(It was recently reported that the Albanian army had captured Valona, driving out the Italian garrison).

HUNT FOR MAN IN BAFFLING TRUNK MURDER CASE EXTENDED

Search In Mexico for Alleged Husband of 19-Year-Old Victim.

MYSTERY IS UNSOLVED

Three Suspects In Widely Separated Sections Arrested.

DETROIT, Mich., July 28.—Solution of the mystery surrounding the death of pretty Katharine Jackson Leroy, 19-year-old Starkville (Miss.) woman, whose mutilated body was found in a trunk shipped from Detroit in an American Express warehouse in New York on Friday last, is as far removed today as it was on the day the body was discovered. Detroit police admitted this morning that they are "up in the air" and have no positive clues to assist them in their search for the woman's slayer.

The hunt for Eugene Leroy, alleged husband of the murder victim, wanted here for the killing of his wife, extended to Mexico.

Advices received by Chief of Detectives Edward Fox that a man answering the description of Leroy had passed through Chicago, en route to some place "out west," caused that official to telegraph to all cities on the Mexican border a description of Leroy with a request that any person answering such a description be detained.

Three men in widely separated sections of the country have been arrested on suspicion of being the much-wanted man—John P. Sanchez in New Orleans, Dillard Ashley in Lawrence, Kas., and a man giving his name as "Leroy" in Egypt, Pa.

Local authorities, however, expressed doubt that either of the three would on investigation prove to be the man wanted.

NEW YORK, July 28.—Identification of the body of Mrs. Katharine Jackson Leroy, trunk murder victim, was completed this afternoon. Mrs. Marie Trumbull and her husband, Patrolman Lee Trumbull, of Detroit, looked at the shrunken and discolored features of the woman who was murdered in Detroit and whose body was shipped to this city in a trunk and both said it was Mrs. Leroy, who formerly lived at their home and who was a close friend of Mrs. Trumbull. The identification was made at the city mortuary.

DENY MOVE FOR DOMINION RULE. DUBLIN, July 28.—The Sinn Fein issues a statement today denying that Sinn Fein representatives have been negotiating with the British government on the question of dominion home rule for Ireland. The Sinn Fein declares that the British government has failed to find any group in Ireland with which to negotiate.

TO SEEK BIDS ON BOND ISSUE

City Offers for Sale \$75,000 Worth of Securities.

To provide funds for the city's share in two proposed street improvements and the East End sewer system, East Liverpool will offer for sale \$75,000 worth of municipal bonds, City Auditor John T. Burns announced Wednesday.

Sealed bids for the purchase of the bond issues will be received at the office of Auditor Burns up to noon August 27. The bond issue is divided as follows: River Road Improvement bonds totaling \$50,000 to be used in paving the city's share in the paving of the River Road shore on the Thompson pottery works, District No. Three, bonds totaling \$20,000, to pay the city's share in the construction of a main line sewer from the Ohio river to Mulberry street, East End; and a Sophia street bond amounting to \$1,500 to pay the city's share in the paving of Sophia street from Minerva street to the Morton property line.

Bids for the permanent improvement of Sophia street will be opened in the office of Service Director E. J. Smith at noon Saturday. The street will be paved with brick on a concrete base.

The hunt for Eugene Leroy, alleged husband of the murder victim, wanted here for the killing of his wife extended to Mexico.

Advises received by Chief of Detectives Edward Fox that a man answering the description of Leroy had passed through Chicago, en route to some place "out west," caused that official to telegraph to all cities on the Mexican border a description of Leroy with a request that any person answering such a description be detained.

Three men in widely separated sections of the country have been arrested on suspicion of being the much-wanted man—John P. Sanchez in New Orleans, Dillard Ashley in Lawrence, Kas., and a man giving his name as "Leroy" in Egypt, Pa.

Local authorities, however, expressed doubt that either of the three would on investigation prove to be the man wanted.

NEW YORK, July 28.—Identification of the body of Mrs. Katharine Jackson Leroy, trunk murder victim, was completed this afternoon. Mrs. Marie Trumbull and her husband, Patrolman Lee Trumbull, of Detroit, looked at the shrunken and discolored features of the woman who was murdered in Detroit and whose body was shipped to this city in a trunk and both said it was Mrs. Leroy, who formerly lived at their home and who was a close friend of Mrs. Trumbull. The identification was made at the city mortuary.

DAYTON PLANS TO HONOR GOV. COX ON FRIDAY

Will Pay Non-Political Tribute to Nominee in Home-Coming Celebration.

BUSINESS WILL SUSPEND

Parade of Civic and Fraternal Societies Will Be a Feature.

By HARRY L. ROGERS.

DAYTON, July 28.—With the closing of banks, stores and factories and the suspension of public business, Dayton and the Miami valley on Friday will pay non-political tribute to Gov. James M. Cox in a monster "home-coming" celebration.

A parade of civic and fraternal societies and of factory and store employees will be a feature of the celebration. Band concerts at three central stations and an elaborate pyrotechnical display are scheduled for the evening.

Immediately preceding the parade Mayor J. M. Switzer, in a brief address, will felicitate Gov. Cox upon his call to become the standard bearer of the Democratic party. The governor will make a reply and will then review the marchers from a court of honor to be erected in front of the court house. It is estimated by those in charge of the celebration that there will be more than 10,000 men and women in line.

Printers employed on Gov. Cox's Dayton newspapers will have a prominent place among the marchers. They will have a band, and the "Meteor band" which accompanied the Ohio Cox boosters to San Francisco, will also have a front line position. Gov. White, of the National soldiers' home, has given permission to all employees and members of that institution to march. The Dayton organizations of Eagles and Elks, to which Gov. Cox belongs, will turn out in full strength. Uniformed Pythians will also be in line.

Many organizations will have floats. Middletown and Hamilton will supply floats depicting events in the early life of Gov. Cox. Other floats will be of historical and civic character.

The night fireworks display is to include large set pieces depicting Gov. Cox on his way to the white house. Daylight fireworks will also be discharged, including two thousand aerial bombs. A squadron of airplanes from Dayton fields will fly over the city, dropping leaflets containing a message of greeting to Gov. Cox.

Excursions from Hamilton, Middletown, Piquette, Troy, Xenia and intermediate points throughout the Miami valley will bring crowds to the city.

DAYTON PLANS TO HONOR GOV. COX ON FRIDAY

Will Pay Non-Political Tribute to Nominee in Home-Coming Celebration.

BUSINESS WILL SUSPEND
Parade of Civic and Fraternal Societies Will Be a Feature.

By HARRY L. ROGERS.

DAYTON, July 28.—With the closing of banks, stores and factories and the suspension of public business, Dayton and the Miami valley on Friday will pay neighborly non-political tribute to Gov. James M. Cox in a monster "home-coming" celebration.

A parade of civic and fraternal societies and of factory and store employees will be a feature of the celebration, and concerts at three central stations and an elaborate pyrotechnical display are scheduled for the evening.

Immediately preceding the parade Mayor J. M. Switzer, in a brief address, will felicitate Gov. Cox upon his call to become the standard bearer of the Democratic party. The governor will make a reply and will then review the marchers from a court of honor to be erected in front of the court house. It is estimated by those in charge of the celebration that there will be more than 10,000 men and women in line.

Printers employed on Gov. Cox's Dayton newspapers will have a prominent place among the marchers. They will have a band, and the "Meteor" which accompanied the Ohio Cox boosters to San Francisco, will also have a front line position. Gov. White, of the National soldiers' home, has given permission to all employees and members of that institution to march. The Dayton organizations of Eagles and Elks, to which Gov. Cox belongs, will turn out in full strength. Uniformed Pythians will also be in line.

Many organizations will have floats. Middletown and Hamilton will supply floats depicting events in the early life of Gov. Cox. Other floats will be of historical and civic character.

The night fireworks display is to include large set pieces depicting Gov. Cox on his way to the white house. Daylight fireworks will also be discharged, including two thousand aerial bombs. A squadron of airplanes from Dayton fields will fly over the city, dropping leaflets containing a message of greeting to Gov. Cox.

Excursions from Hamilton, Middletown, Piqua, Troy, Xenia and intermediate points throughout the Miami valley will bring crowds to the city.

FARM LABOR SHORTAGE RELIEVED, REPORT SAYS

WASHINGTON, July 28.—Shortage of farm labor is no longer a menace to bumper crops, according to reports today to the bureau of farm management of the department of agriculture.

The farm labor situation has been relieved materially and there will be adequate labor for the harvesting of crops, according to the bureau. It is pointed out that the acreage planted was limited because of a labor shortage but that exceptional crops have off-set this.

Representatives of farmers here are not rejoicing over the labor situation, however J. Howard, president of the American Farm Bureau Federation today declared that farmers are but temporarily relieved.

HOWELL FIGHTS FOR HIS LIFE

Murderer is Still Hopeful of Escaping the Electric Chair.

Dick Howell, who is in "murders' row" in the Ohio penitentiary awaiting execution for the murder of Detective Anthony Skotnicki, has not lost hope in his fight to escape the electric chair.

In a letter to his attorney, Frank Switzer, Canton, Howell stated that he was in good spirits, believing that the court of appeals would not sustain his conviction or the governor may commute the death sentence to life imprisonment. Howell is taking advantage of every opportunity to write to his wife and relatives.

According to reports, Howell is conducting himself as a model prisoner and appears in better spirits than any other of the alleged murderers.

Unless the higher courts or the governor intervenes, Howell will pay the death penalty at midnight Friday, Dec. 3—the anniversary of the death of Detective Skotnicki.

SCORE UNHURT IN RAIL WRECK

Cleveland and Pittsburg Train Sideswipes Ore Cars at Costonia.

Over a score of passengers on an east bound passenger train on the Cleveland and Pittsburg division, river road, narrowly escaped injury yesterday, when the passenger engine sideswiped a string of ore cars, derailed just north of Costonia.

Nine loaded cars of a solid ore train, bound for Steubenville, were derailed and both tracks were tied up for several hours. The accident it is said, was due to speeding rails. The ore cars leaving the tracks just as the passenger approached. The engineer and fireman, realizing that a crash was almost inevitable, applied the brakes, alighting without receiving serious injury.

The momentum of the train carried it some distance ahead after the brakes had been set and the locomotive, baggage car and one of the coaches sideswiped the derailed cars before the passenger came to a halt. The engine and coaches were damaged to some extent but remained on the track. One side of the locomotive was smashed in and the baggage car had one side ripped out.

Both tracks were completely blocked by the wreckage and about 300 feet of west bound track was damaged.

LARGE DELEGATION TO ATTEND HEARING

With applications coming in rapidly, Secretary Robert W. Barbour, of the chamber of commerce, stated today that Wellsville's delegation to the good roads hearing at Lisbon Friday, would not be a small one.

Secretary Barbour said if rain rendered the condition of the roads bad, the local delegation would make the trip by rail. The good roads boosters, according to plans arranged for rainy weather, would leave here on the 10:25 a. m. street car to East Liverpool and board the 11:10 o'clock interurban for Lisbon. If the original plan is carried out, the autos will leave here at 12 o'clock.

TWO ARRESTS FOLLOW BILLETED CELEBRATION

William and Jane Freeman of this city, arrested last night at 8:30 o'clock by Patrolmen Newton, Baker and Special Officer Barnes, will likely be given a hearing before Mayor Ingram this evening. They will face charges of disorderly conduct.

The Freemans, according to the police, were exploding torpedoes and firecrackers near their home last night when they were warned by the officers that they were causing too much noise. Securing their promise to cease, the patrolmen left the Freeman home. According to police they had been gone only a few moments when the belated "Fourth of July" celebration was resumed. On their second trip to the place, arrests were made.

EMPIRE MAN DIES FROM BULLET WOUND

Joseph Manester, aged 53, of Empire, who was found in an unconscious condition in South Sixth street, Steubenville, on the night of Saturday, July 17, with a bullet wound in his chest, just below his heart, died at his home yesterday.

He was removed to Empire from the Ohio Valley General hospital at Steubenville several days ago when it was believed his condition was becoming better. He became worse yesterday and before medical aid could be obtained, died. He is survived by a wife.

The shooting of Manester is shrouded in mystery. The man claimed, when interviewed by police in the hospital, that he did not know who shot him.

COUNCIL TO ACT ON WATER ISSUE TONIGHT

Action toward the installation of a new system in Wellsville for the purification of water for domestic and manufacturing uses, in accordance with requests from the state board of health, will likely be taken at a special session of council to be held at 7:30 o'clock this evening.

Mayor George D. Ingram, who has been in consultation with representatives of a number of different water purifying system manufacturers, has called the special meeting.

With the return of the samples of water taken from the test well in Sixth street, analyzed as "unfit for use" by state chemists, the city was left but one alternative, that of installing the watershed system in Yellow creek. Whether or not steps will be taken to adopt this system or plans devised for securing pure water by other means will likely be determined this evening.

Probably the most important problem to be taken up will concern the advisability of employing a waterworks engineer.

Mrs. Belinda Shepley Dead.

Word was received here today of the death of Mrs. Belinda Shepley, aged 80, well known in this city and vicinity, which occurred yesterday at the home of her niece, Mrs. Fred Stetzel, of Cleveland. Death was attributed to the infirmities of old age.

Mrs. Shepley was born and reared

in Hammondsville. She was the daughter of the late Jesse Maple. Deceased is survived by an adopted son, Albert of Cleveland; a sister, Mrs. Annie Gray of Cleveland, and a brother, Albert Maple, of Oil City, Pa.

Funeral services will be held Thursday afternoon at the Stetzel residence in Cleveland. Interment will be made there.

Injured in Fall.

While descending the cellar stairs at her residence in Lisbon street yesterday, Mrs. William Anderson slipped and fell, sustaining severe bruises. An examination showed that no bones were broken.

Wesleyan Bible Class Outing.

Members of the Wesleyan Bible class of the First Methodist Episcopal church will hold their annual outing Saturday evening, July 31, at the home of Coyt Iddings, in the Irondale road.

An attractive program of sports has been arranged by the committee in charge, including swimming contests and baseball games. The picnicers will leave here on the 5:30 o'clock interurban car for the Irondale road stop.

SUTCLIFFE TO SPEAK AT S. OF V. MEETING

J. E. Sutcliffe, this city, junior vice commander of the Sons of Veterans, Department of Ohio, will be the principal speaker at a district meeting of the Sons of Veterans at the G. A. R. hall, Lisbon, Wednesday evening at 7:30 o'clock.

The East Liverpool delegation will leave for the meeting on the 6 o'clock Y. & O. car this evening. Delegates will be present from a score of southeastern Ohio cities. Commanders of camps represented will also speak.

Steps will be taken toward the placing of a silver cup to be awarded the camp in the district having the largest percentage of attendance present at the district rallies throughout the year.

The last district meet of the Sons of Veterans was held in East Liverpool.

Columbus—Two political candidates, possessing the name of Cox, aspiring to become president of the United States, are active in Ohio.

While Gov. Cox, Democratic presidential nominee, is in substantial seclusion at the library of his home near Dayton working on his speech of acceptance, William W. Cox, presidential candidate of the Socialist Labor party, is making campaign addresses. W. W. Cox is general organizer of the Workers' International Industrial Union. Sixteen years ago he was his party's vice presidential candidate.

TWO ARRESTS FOLLOW BILATED CELEBRATION

William and Jane Freeman of this city, arrested last night at 8:30 o'clock by Patrolmen Newton, Baker and Special Officer Barnes, will likely be given a hearing before Mayor Ingram this evening. They will face charges of disorderly conduct.

The Freemans, according to the police, were exploding torpedoes and firecrackers near their home last night when they were warned by the officers that they were causing too much noise. Securing their promise to cease, the patrolmen left the Freeman home. According to police they had been gone only a few moments when the belated "Fourth of July" celebration was resumed. On their second trip to the place, arrests were made.

EMPIRE MAN DIES FROM BULLET WOUND

Joseph Manester, aged 53, of Empire, who was found in an unconscious condition in South Sixth street, Steubenville, on the night of Saturday, July 17, with a bullet wound in his chest, just below his heart, died at his home yesterday.

He was removed to Empire from the Ohio Valley General hospital at Steubenville several days ago when it was believed his condition was becoming better. He became worse yesterday and before medical aid could be obtained, died. He is survived by a wife.

The shooting of Manester is shrouded in mystery. The man claimed, when interviewed by police in the hospital, that he did not know who shot him.

COUNCIL TO ACT ON WATER ISSUE TONIGHT

Action toward the installation of a new system in Wellsville for the purification of water for domestic and manufacturing uses, in accordance with requests from the state board of health, will likely be taken at a special session of council to be held at 7:30 o'clock this evening.

Mayor George D. Ingram, who has been in consultation with representatives of a number of different water purifying system manufacturers, has called the special meeting.

With the return of the samples of water taken from the test well in Sixth street, analyzed as "unfit for use" by state chemists, the city was left but one alternative, that of installing the watershed system in Yellow creek. Whether or not steps will be taken to adopt this system or plans devised for securing pure water by other means will likely be determined this evening.

Probably the most important problem to be taken up will concern the advisability of employing a waterworks engineer.

Mrs. Belinda Shepley Dead.
Word was received here today of the death of Mrs. Belinda Shepley, aged 80, well known in this city and vicinity, which occurred yesterday at the home of her niece, Mrs. Fred Stetzel, of Cleveland. Death was attributed to the infirmities of old age.

Mrs. Shepley was born and reared

in Hammondsville. She was the daughter of the late Jesse Maple. Deceased is survived by an adopted son, Albert of Cleveland; a sister, Mrs. Annie Gray of Cleveland, and a brother, Albert Maple, of Oil City, Pa.

Funeral services will be held Thursday afternoon at the Stetzel residence in Cleveland. Interment will be made there.

Injured in Fall.

While descending the cellar stairs at her residence in Lisbon street yesterday, Mrs. William Anderson slipped and fell, sustaining severe bruises. An examination showed that no bones were broken.

Wesleyan Bible Class Outing.

Members of the Wesleyan Bible class of the First Methodist Episcopal church will hold their annual outing Saturday evening, July 31, at the home of Coyt Iddings, in the Irondale road.

An attractive program of sports has been arranged by the committee in charge, including swimming contests and baseball games. The picnicers will leave here on the 5:30 o'clock interurban car for the Irondale road stop.

SUTCLIFFE TO SPEAK AT S. OF V. MEETING

J. E. Sutcliffe, this city, junior vice commander of the Sons of Veterans, Department of Ohio, will be the principal speaker at a district meeting of the Sons of Veterans at the G. A. R. hall, Lisbon, Wednesday evening at 7:30 o'clock.

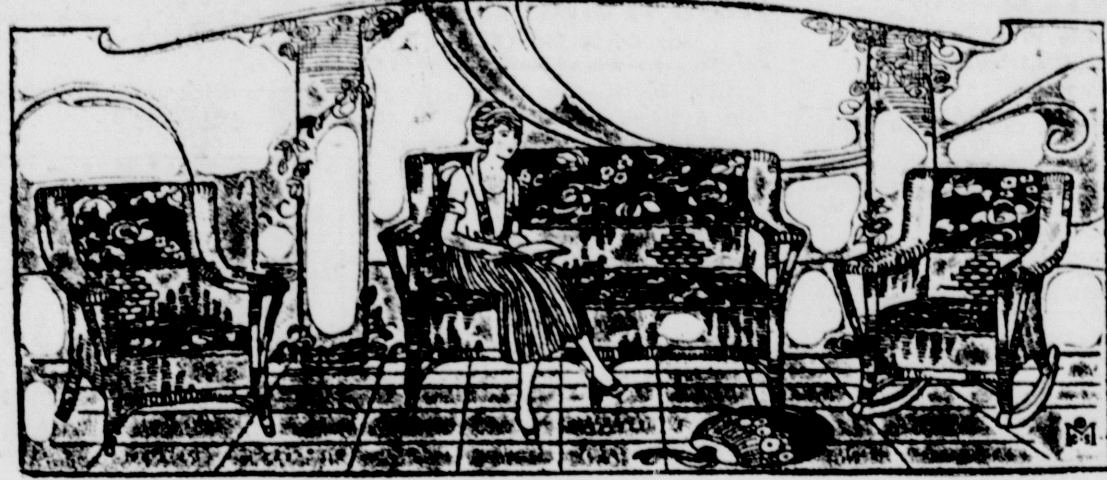

The East Liverpool delegation will leave for the meeting on the 6 o'clock Y. & O. car this evening. Delegates will be present from a score of southeastern Ohio cities. Commanders of camps represented will also speak.

Steps will be taken toward the placing of a silver cup to be awarded the camp in the district having the largest percentage of attendance present at the district rallies throughout the year.

The last district meet of the Sons of Veterans was held in East Liverpool.

Columbus—Two political candidates, possessing the name of Cox, aspiring to become president of the United States, are active in Ohio.

While Gov. Cox, Democratic presidential nominee, is in substantial seclusion at the library of his home near Dayton working on his speech of acceptance, William W. Cox, presidential candidate of the Socialist Labor party, is making campaign addresses. W. W. Cox is general organizer of the Workers' International Industrial Union. Sixteen years ago he was his party's vice presidential candidate.

Save Money—Put Goodyear Tires on Your Small Car

Avoid disappointment with tires made to be sold at sensationally cheap prices by using Goodyear Tires built to deliver maximum mileage at minimum cost.

The high relative value built into Goodyear Tires of the 30 x 3, 30 x 3 1/2 and 31 x 4-inch sizes, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to these sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell or Dort, take advantage of the opportunity to enjoy true Goodyear mileage and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at our nearest Service Station.

RESOLUTE'S VICTORY

Resolute, the American defender in the international yacht races, defeated Shamrock IV, the British challenger, in the deciding contest of the series yesterday. As a result, the America's trophy, for which Sir Thomas Lipton has made four bids in vain, remains on this side of the Atlantic.

The British sloop was given the worst drubbing of the five races in the crucial contest. The American yacht had no need of the six minute and 40 second handicap, which was allowed because of the difference in measurements in the sails of the two boats. Skipper Charles Adams' entry defeated the Shamrock, boat for boat, by 13 minutes and 45 seconds, after overcoming a 40-second lead which the British entry obtained at the start of the contest.

"The better boat won," was the expression of Sir Thomas Lipton, the British sportsman, as he directed his steam yacht Victoria full speed ahead to congratulate the crew of the American sloop. It was another illustration of the gameness of the Britisher who has won a place in the hearts of Americans by the spirit of sportsmanship and fairness which he has shown in his four attempts to carry the America's cup back to England.

Seldom has more friendly rivalry characterized a sporting event between representatives of two nations than that which marked the seven races between the crews of the Resolute and Shamrock. The Lipton yacht was a winner in the first race when Resolute, because of a broken halyard, was forced to withdraw. The second was a no contest. The British challenger annexed her second victory in the third meeting of the two boats. Of the next three attempts over the 30-mile course, the Resolute won two and one was listed as no contest because of failure to complete the race within the specified six-hour limit. Then came the deciding race.

Sir Thomas Lipton will return to Great Britain with his lifetime dream unrealized. But if determination and genuine sportsmanship count for anything, he will live to celebrate his long cherished ambition. Unless another British yachtsman desires to challenge next year, the aged sportsman will build another challenger and make one more bid for the pewter cup which remains American property today.

LOWERING BABY DEATH RATE

This is the time of year when the baby health center is of the greatest service to the community. There is work to be done, too, by visiting nurses and health teachers, particularly in industrial centers, for the "summer peak" of infant deaths is now at hand.

The Children's Bureau of the United States Department of Labor has made a series of studies of infant mortality in six industrial cities. It has found that a very high percentage of the deaths are directly due to the ignorance of the mothers in regard to the proper feeding of the babies.

Insufficient family income, bad domestic and municipal sanitation, and the fact that mothers had to work outside the home were other prominent causes of the high summer death rates.

Although this series of studies was made in industrial centers only, it is probably true that the visiting nurse and the educational pamphlet containing simple instructions in child care could be of great service in the country districts too. The time should come when any enlightened community, urban or rural, that permitted a "summer peak" of infant deaths from preventable causes would be disgraced in the eyes of its own citizens and those of every other community.

THE LIGHTED BROOM

There are inventions—and inventions. One of the latest is the little electric torch which may be fastened to the broom to light the dark corners. There may still be kitchens in the older parts of the country with corners so dark that they need the lighted broom. But the sooner they give way to kitchens which do not need it, the better.

And the little whimsy is particularly recommended for "long, dark hotel corridors whose carpets need daily sweeping, and into which the sun never penetrates."

Maybe so. But why, in this day and generation, should an inefficient broom ever be used for a carpeted floor? Why not the highly effective vacuum cleaner? Half the tuberculosis and other diseases which gain entrance through the mouth and nose will doubtless disappear when there is a vacuum cleaner in every home and public building, and most of the other half will go when the streets are properly cleaned.

Why invent a makeshift to prolong the life of another makeshift? Why not cast out the makeshift entirely in favor of the tool which does the work as it should be done?

READING BY CAMERA

There seems to be no limit to the development of modern conveniences. Now it is to be made possible for persons wishing to use public library reference books to make their notes and keep their records by the simple process of taking a few snap shots. A camera with a special type of lens has been invented for use in libraries. The reference reader need only turn to the pages he is interested in, then take the pictures. He will therefore avoid elaborate tracing of drawings or designs, copying of statistics or quotations and long hours of reading in the library.

His finished pictures he can put directly into his note book, studying them at home at his own pleasure instead of within library hours.

To the ordinary reader this method presents some slight difficulties. The high cost of developing and printing is one of them. Another lies in the temptation to and danger of getting a great deal more material than one really needs and so cluttering up one's note book or desk.

In the small library, however, there would be one great advantage. It would shorten an individual's use of certain reference volumes, making them available to more readers in a given time.

NEW YORK LETTER

By O. O. McINTYRE.

NEW YORK, July 28.—At the Vincent Astor town house on Fifth Avenue there is an entrance at the front only for those who arrive in motors or horse drawn vehicles. It must be terrible for strangers who are invited and go afoot to find only an asphalt driveway going right to the door. No telling how many have sneaked away surfeited with shame.

But these architectural doo-dads give Fifth Avenue its power to awe. Millionaires like to present snappy ideas for the proletariat. And while it is true many of these ideas are aged in the wood, so to speak, quite a few show originality.

Far up on Fifth Avenue is a red brick house with a sort of conning tower for the butler. From his cupola he may survey all visitors and judge if they are fit to enter those carpeted halls where one feels as if his feet were stepping on a cat. The door in this house is operated by push buttons and slides back gracefully revealing a palm laden foyer.

The Andrew Carnegie home and the massive pile of white stone that comprises the Frick house are about the only ones that have front yards. There are many of the great homes that give the impression of being prison like. All the windows and doors are barred and only now and then is there a sign of life.

Jap servants are supplanting the stage type of knickerbarkered butler. More than one-half of the homes along Millionaire's Row are completely manned by Orientals. On one of the side streets there is a Japanese Club whose members are employed in rich homes. It has the air of elegance not far removed from the famous Millionaire's Club itself.

Quite a few of the Japs make \$5,000 a year and all of their expenses. Lady maids are now paid \$50 a week and if they speak French the salary is \$60.

A young author, who had several successful novels and short stories published, reached his 23rd birthday recently. Three months ago he married a very pretty girl from a small town. The young man has been successful despite his taste for liquor but since his marriage he has been hitting it up with a reckless abandon. His wife had never tasted so much as a cocktail until their marriage. She too has developed a taste for high powered drinks. At a recent reception attended by distinguished men and women of letters the young newlyweds arrived buoyantly bunned. His necktie was untied and her coiffure appeared as if it had undergone the ravages of a tornado. They hiccupped their way through introductions and when they arrived in the big room where the guests had assembled sat down and went to sleep. Servants were forced to carry them to sleeping quarters upstairs. A week ago both were taken to a sanitarium where addicts are sobered.

On Park Avenue there is a drug store that seems to be making the last stand against the onrush of the new type of department apothecary shop. It has a noble looking sign of hand pounded brass announcing drugs. In one window is a large green bottle and in the other is one of red. On the shelves are rows after rows of white enamel labeled bottles carrying those weird Latin inscriptions. There are no placards anywhere and a bald man with heavy convex glasses and a Teutonic professional look is the sole custodian. He told me that the truth was that drugs were being discarded. But he considers a drug store as sacred as an art gallery and he will not resort to the modern methods. "A few years more," he said, "and the old fashioned drug store will be a thing of the past."

MAY NAME NEW COUNTY ROAD HARDING WAY

Commissioner McNicol Suggests Honoring G. O. P. Presidential Nominee.

UP TO THE STATE BOARD
Cox Highway Was Cognomened for Democratic Governor.

BY M. K. ZIMMERMAN

County Commissioner Patrick McNicol suggested Monday that the new East Liverpool-Youngstown highway be named the Harding Highway. A provision of law dug up by Mr. McNicol shows that the state highway department is compelled to designate the name of a highway in which the state is interested after the name of some person or some historical event upon the request of the county commissioners.

The Democratic party has been pretty well taken care of in a road name in Columbiana county," declared Mr. McNicol. "This is indicated by the Cox highway. The nation, from a historical point, has also been cared for by the naming of the Lincoln Highway after that beloved president. Now let's get down to Ohio and the Republican party by naming the new East Liverpool-Youngstown road the Harding Highway."

"It is known to every one that two very important industries are to be found at either end of this highway. At the southern end we have the ceramic industry and at the north we have the iron and steel industry. Senator Harding is known to be a staunch protectionist and these industries know full well the meaning of National protection."

"Should we name this new highway the Harding Highway, we will not only be paying honor to Senator Harding, but the highway by that name will be known and advertised nationally."

He was for many years by far the most active man in the political life of Columbiana county, and while still taking a casual interest is not adverse in "teaching" the game to the younger folk who seek entrance into the political arena.

"I had a young man come to me a few years ago," related the gentleman, "and he asked my advice about running for a particular office. I told him to 'lay off' as he was not known sufficiently to be returned a winner. He wanted to know what he should do, and I up and told him. He followed my suggestions and not only won a county office but later won election to a state office."

"What was your recipe?" was asked.

"Simple one indeed. Before you start to campaign for an office spend a year or two in going to every public gathering you hear of. Meet the people. Keep on visiting these gatherings and in time you will be so known that people will start to call you by your first name. When you do then announce your candidacy, you will then have something to work on, as people who have often met will know you by your first name and you know what this means in a political battle—friends and ultimate election."

Various township trustees seek to saddle a lot of improvement work on the county as a whole when the townships have a right to proceed. Many of these trustees do not know the law, so those in charge of county affairs maintain, at least many of them do not. Every once in a while, where

NEWELL

Tim Robinson, newsdealer, Sixth street, has charge of The Evening Review circulation. Leave subscription orders, advertisements, etc. with him. Bell phone 212-J.

LET CONTRACT FOR
NEWELL SCHOOL BELL

At a meeting of the school bell committee held Monday evening, an order was placed with the A. H. Andrews Company, Chicago bell manufacturers, for a 40 inch school bell, for use at the Newell school. The bell will cost approximately \$141.

A representative of the bell company appeared at the meeting. Three other concerns manufacturing bells also sent in price lists. The bell purchased by the committee, through funds raised by popular subscription, is said to be of very good quality and will make a sound sufficiently loud enough to be heard for a vicinity of several miles. It will weight approximately 1,300 pounds.

Owing to uncertain railroad conditions, it is not known how soon this bell can be delivered, although it is believed that it will reach here in time to be used in calling the children to their classes when school opens for the fall term early in September. The Grant district board of education has agreed to bear the cost of constructing a belfry and mounting the bell on the school building.

PRESBYTERIAN CHURCH
PICNIC PARTY TONIGHT

Children expecting to attend the annual outing of the Sunday school and congregation of the First Presbyterian church, to be held at Thompson's park, this evening, should report at the church no later than 5:15 p. m., to receive transportation tickets. The special car, which will carry the picnic party to East Liverpool will leave Sixth street at 5:30 o'clock.

The regular cars on the Thompson park line will carry the picnicers to the picnic grounds. Supper will be served at 6:30. This will be followed by a program of sports.

Refuses to Docket Election Case

The Kanawha County Court has refused to docket the case of election contest filed a few days ago by A. B. Moore against John C. Bond in regard to the latter's nomination for State Auditor on the Republican ticket, and dismissed him on the ground that it was without jurisdiction to hear it.

Major Bond was given notice a few days ago by Mr. Moore that contests had been filed by him in four counties including Kanawha. The other three counties were Raleigh, Fayette and McDowell.

Wells Family to Return Today
Mr. and Mrs. Ed Wells, Jr., and children are expected back Wednesday from Chautauqua Lake, New York, where they have been visiting for the last ten days. Mr. Wells is superintendent of the No. 5 Homer Laughlin plant.

Return From Erwin, Tenn
Mr. and Mrs. Thomas Wilson have returned to Newell from Erwin, Tenn., where they have been residing for the past several months. They intend to locate in the East Liverpool district and in the meantime are making their home with Mrs. Wilson's parents, Mr. and Mrs. Harvey Mellon, of Grant street.

Newell Personals
Mrs. Mollie Allines and daughter, Dorothy, left Tuesday for a two weeks visit with relatives at New Brighton, Penn.
Miss Ina Williamson of Grant street is spending her vacation with East Rochester, O., relatives.
Mrs. George Neal and children Robert, William and Jean, have gone to Pleasant City, Ohio, where they will visit with Mr. Neal's sister, Mrs. John Jadwin, for two weeks.
Miss Florence Moss, county Red Cross secretary was a Weirton business visitor Tuesday.

Celebrates 97th Birthday Anniversary

Mrs. Elizabeth Altdorfer of this city celebrated her 97th birthday anniversary, Tuesday, July 27, in a quiet manner at the home of her daughter, Mrs. W. Clark Warrick, of Clarkson. Owing to the poor health of Mrs. Altdorfer, the family birthday reunion, was not held this year.

Friends and neighbors called to see Mrs. Altdorfer during the day, and in the evening her son and wife, Mr. and Mrs. Oscar Altdorfer, and friends, Mr. and Mrs. McKee and daughter, Mrs. Ray Joshua and children, Frances and Ray Jr., and friends, Mrs. Rebecca Walters, all of Boardman, Mahoning county, Ohio, spent the evening at the Warrick home. A chicken supper, prepared by Mrs. W. C. Warrick and her sister, Mrs. Margaret J. Moore, of Grant street, this city, was served at 6 o'clock.

The honor guest received many remembrances, including gifts, letters and birthday cards from as far away as Santa Barbara, California, and Washington, D. C. Although in ill health, Mrs. Altdorfer's mind is remarkably clear.

Elizabeth Altdorfer was born in St. Clair township, July 23, 1823, and was the daughter of Enos and Margaret Thomas. Enos Thomas was the

first justice of the peace in St. Clair township.

Of a family of twelve children, Mrs. Altdorfer is the last surviving member, most of whom lived to be over 80 years of age. She is the mother of ten children, seven of whom are living, eighteen grandchildren; twenty great-grandchildren and one great-great-grandchild, Helen Virginia Lyon, granddaughter of Mayor Everett L. Lyon of East Palestine.

Attend Pittsburg Convention.

The Misses Helen McIntosh, Mary Buchanan, Ruth Sloan, Sara Johnston and Ruth Buchanan left yesterday morning to attend the national convention of the Young People's Christian union which is being held in Pittsburg this week.

Veterans' Auxiliary Meeting.

The members of the Ladies' auxiliary to Private Eddy post No. 66, Veterans of Foreign Wars, will hold a business meeting this evening at 8 o'clock in the club rooms, Brooks building, Fifth and Market streets. All members are urged to be present.

"Get-Together Banquet"

Nearly 400 members of the congregation of the First Methodist Episcopal church with their friends were

entertained at the mid-summer "get-together" banquet served in the church parlors last evening. The supper was prepared and served by the ladies of the congregation.

W. T. McNutt acted as toastmaster. Talks were made by George A. Wassman, V. A. O. Bloor, O. H. Dawson, Fred McGilivray, Mrs. Homer J. Taylor, Mrs. Will L. Taylor and Rev. Alfred Walls.

The Sunday school orchestra rendered a program of musical selections which was followed by a number of solos by Miss Grace Schmelzenbach and Albert Manton.

W. C. T. U. Meeting

The members of the Women's Christian Temperance Union will hold a special business meeting tomorrow evening at the home of Mrs. J. M. Arbuthnot, 1015 Bradshaw avenue. The meeting will open at 8 o'clock. Plans will be completed for the county convention to be held here this fall.

Aboard U. S. S. North Dakota.

Donald L. Rutledge, son of Mr. and Mrs. Homer D. Rutledge, Avondale street, who enlisted in the United States navy last September, is aboard the U. S. S. North Dakota.

The North Dakota left Mare Island, Cal., June 17 for Russia via the Philippine Islands.

Willing Workers to Meet.

The Willing Workers' Society of St. John's Lutheran church will be entertained at an outing to be held tomorrow afternoon at 2 o'clock at Thompson park. A program of athletic sports and games has been arranged for the occasion. At 6 o'clock a picnic supper will be served.

The outing tomorrow afternoon will take the place of the regular semi-monthly meeting of the organization.

Returns from Elyria Convention.

Mrs. Arthur Shaw, secretary of the Ladies of the Eagles' society, has returned to her home in Chestnut street, after attending the state convention of the F. O. Eagles at Elyria last week. Mrs. Shaw attended as a delegate from the Ladies' Aid society of the Eagles.

Missionary Society to Entertain.

The members of the Young Ladies' Missionary society of the First United Presbyterian church will be entertained tomorrow afternoon and evening at Oak Grove park.

The hostesses will include Mesdames L. J. Davison, John Vodrey, J.

CHANDLER SIX Famous For Its Marvelous Motor

The Motor of Seven Years Ago and the Motor of Today

The Chandler Six of 1920 is a refinement of that first Chandler Six of 1913. Seven years of devotion on the part of the Chandler organization to this one Chandler motor has placed it in the position of distinction which it holds today.

Seven years of service in the hands of thousands of owners, seven years of skillful application by Chandler engineers, has

brought the Chandler motor and the one standard Chandler chassis to approximate perfection.

In these seven years many motors of many makes have come and gone. Chandler continues a leader among fine cars, because of the excellence of its performance.

On the one Chandler chassis are mounted six handsome types of body.

CHANDLER MOTOR CAR COMPANY, CLEVELAND, O.

Celebrates 97th Birthday Anniversary

Mrs. Elizabeth Altdorfer of this city celebrated her 97th birthday anniversary, Tuesday, July 27, in a quiet manner at the home of her daughter, Mrs. W. Clark Warrick, of Clarkson. Owing to the poor health of Mrs. Altdorfer, the family birthday reunion, was not held this year.

Friends and neighbors called to see Mrs. Altdorfer during the day, and in the evening her son and wife, Mr. and Mrs. Oscar Altdorfer, and friends, Mr. and Mrs. McKee and daughter, Mrs. Ray Joshua and children, Frances and Ray Jr., and friends, Mrs. Rebecca Walters, all of Boardman, Mahoning county, Ohio, spent the evening at the Warrick home. A chicken supper, prepared by Mrs. W. C. Warrick and her sister, Mrs. Margaret J. Moore, of Grant street, this city, was served at 6 o'clock.

The honor guest received many remembrances, including gifts, letters and birthday cards from as far away as Santa Barbara, California, and Washington, D. C. Although in ill health, Mrs. Altdorfer's mind is remarkably clear.

Elizabeth Altdorfer was born in St. Clair township, July 23, 1823, and was the daughter of Enos and Margaret Thomas. Enos Thomas was the

first justice of the peace in St. Clair township.

Of a family of twelve children, Mrs. Altdorfer is the last surviving member, most of whom lived to be over 80 years of age. She is the mother of ten children, seven of whom are living, eighteen grandchildren; twenty great-grandchildren and one great-great-grandchild, Helen Virginia Lyon, granddaughter of Mayor Everett L. Lyon of East Palestine.

Attend Pittsburg Convention.

The Misses Helen McIntosh, Mary Buchanan, Ruth Sloan, Sara Johnston and Ruth Buchanan left yesterday morning to attend the national convention of the Young People's Christian union which is being held in Pittsburg this week.

Veterans' Auxiliary Meeting.

The members of the Ladies' auxiliary to Private Eddy post No. 66, Veterans of Foreign Wars, will hold a business meeting this evening at 8 o'clock in the club rooms, Brooks building, Fifth and Market streets. All members are urged to be present.

"Get-Together" Banquet

Nearly 400 members of the congregation of the First Methodist Episcopal church with their friends were

entertained at the mid-summer "get-together" banquet served in the church parlors last evening. The supper was prepared and served by the ladies of the congregation.

W. T. McNutt acted as toastmaster. Talks were made by George A. Wassman, W. A. O. Bloor, O. H. Dawson, Fred McGilivray, Mrs. Homer J. Taylor, Mrs. Will L. Taylor and Rev. Alfred Walls.

The Sunday school orchestra rendered a program of musical selections which was followed by a number of solos by Miss Grace Schmelzenbach and Albert Manton.

W. C. T. U. Meeting

The members of the Women's Christian Temperance Union will hold a special business meeting tomorrow evening at the home of Mrs. J. M. Arbutnot, 1015 Bradshaw avenue. The meeting will open at 8 o'clock. Plans will be completed for the county convention to be held here this fall.

Aboard U. S. S. North Dakota.

Donald L. Rutledge, son of Mr. and Mrs. Homer D. Rutledge, Avondale street, who enlisted in the United States navy last September, is aboard the U. S. S. North Dakota.

The North Dakota left Mare Island, Cal., June 17 for Russia via the Philippine Islands.

Willing Workers to Meet.

The Willing Workers' Society of St. John's Lutheran church will be entertained at an outing to be held tomorrow afternoon at 2 o'clock at Thompson park. A program of athletic sports and games has been arranged for the occasion. At 6 o'clock a picnic supper will be served.

The outing tomorrow afternoon will take the place of the regular semi-monthly meeting of the organization.

Returns from Elyria Convention.

Mrs. Arthur Shaw, secretary of the Ladies of the Eagles' society, has returned to her home in Chestnut street, after attending the state convention of the F. O. Eagles at Elyria last week. Mrs. Shaw attended as a delegate from the Ladies' Aid society of the Eagles.

Missionary Society to Entertain.

The members of the Young Ladies' Missionary society of the First United Presbyterian church will be entertained tomorrow afternoon and evening at Oak Grove park.

The hostesses will include Mesdames L. J. Davison, John Vordrey, J.

SEEK NEGRO ON MURDER COUNT

David Johnson Alleged to Have Killed Man At Colliers.

West Virginia state police were called into Brooke county Tuesday in an effort to locate Dave Johnson, aged 44, a negro who Monday night shot and mortally wounded Willis Harwood, aged 50, another negro at Colliers, it is alleged. Harwood died in the Ohio Valley hospital at Steubenville at 2:30 o'clock Tuesday morning from hemorrhages, the bullet having penetrated his right lung.

The request for state police to take up the search for this murderer was made after Sheriff John R. Litten and a posse of deputies from Brooke county scoured the hills from Colliers to Weirton and East Steubenville Monday night. The search lasted all night but the slayer was not apprehended.

Officer Thomas Sillman, of the Weirton police force encountered the suspect in upper Brooke county just below the limits of Hollidays Cove. Johnson saw the officer first and took flight. Sillman sent three shots from his revolver after him. Later other Weirton officers talked to a small boy who saw Johnson climbing the hill above Hollidays Cove. The lad said Johnson was limping and it is thought one of the bullets from Sillman's gun struck him in the leg.

The shooting occurred in the little mining town of Colliers in upper Brooke county and according to witnesses, Johnson pulled his gun and shot down Harwood after a brief argument over a dice game. Johnson succeeded in holding off the crowd of miners and escaped into the woods going toward Weirton. The sheriff's office was notified and the police at Weirton and Hollidays Cove were urged to assist in the search.

POTTERIES STORING COAL FOR WINTER

Local industrial plants are preparing to operate during the coming winter in spite of the scarcity and high prices of coal.

Realizing that the supply of gas is uncertain during the cold weather, the two potteries are already storing coal for use in kilns and under boilers. Talbot Brothers, who operate a large coal bank, near the Washington school house district, have a five-ton truck engaged in hauling coal to the two Chester potteries.

In spite of the rail tiens which has been holding up steel shipments of the local mill during the last two months, the Chester works of the American Sheet & Tin Plate company has a large supply of fuel on hand and does not expect to suffer from a fuel shortage this winter.

PRIVATE MAIL BOXES MUST BE INSTALLED

Residents of the city who have not installed private mail boxes at their homes on or before August 20, will be deprived of free mail delivery, according to word which has been received by Postmaster W. B. Stewart at the postoffice department at Washington.

In a letter to Mr. Stewart, L. M. Dow, fourth assistant postmaster-general, says, only such residents of the city, who have complied with the postoffice regulations to provide receptacles for mail will be served with free delivery after August 20. The remainder of the patrons of the local office will be compelled to come to the post office for their mail.

Following is the letter which has been received by the Chester postmaster:

Office of Fourth Asst Postmaster General,

Washington, D. C., July 27, 1920.

Postmaster, Chester, W. Va.

Dear Sir:—

You will on August 20, 1920 without draw village delivery service from all patrons who have not by that time provided private mail receptacles and you will renew the service to such patrons as soon as they have met the requirements mentioned.

(Signed) L. M. DOW, Fourth Asst Postmaster-General.

Answered "Still" Alarm.

The Chester volunteer fire department answered a "still" alarm at the head of Third street shortly before 10 o'clock Wednesday morning. A slight blaze occurred in a residence in that vicinity, but was extinguished before the department arrived. Only the big truck answered the alarm.

Wednesday Pay Day Here

Wednesday was pay day for the employees of the Cord Tire Corporation. The tin mill will pay on Thursday, while both potteries will pay off their employees on Saturday.

Employees of the local tin mill will draw wages for but four or five days work this week.

Cupid Outwitted

John Rolls and Miss Mabel Campbell of Tarantum, Pa., were much disappointed Tuesday when, just as they were about to sign their names to a marriage license at Wellsburg, a Western Union messenger delivered to a clerk a telegram from the father of the bride in which instructions were given to refuse the son a license. Both departed disappointed and declared their intention of seeking a license elsewhere.

GAINED 12 POUNDS BY TAKING DRECO

Springfield Lady, 63 Years Old, Was In Bad Health, Weak and Feeble. Dreco Renewed Her Strength Very Quick.

Is Now Able to Make a Visit She Has Had Her Heart Set On For a Long Time.

"My mother, Mrs. Bishop, is going over to London, O., soon to attend a meeting of her lodge, the Pythian Sisters. She has been wanting to go for a long time, her heart being set on it, but her failing strength wouldn't allow it, but since Dreco has built her up she is able to make the trip," said Mrs. Emma Suver, of 996 Sherman avenue, Springfield, O.

"She has lost her appetite and was feeling off in weight, had headaches and kept tired all the time. Her bowels were constipated and stomach full of gas; sour stomach and heart burn, she had a bad taste in her mouth most of the time and failed to sleep well.

Dreco was recommended to her as a fine tonic to build up rundown, debilitated systems, so she began taking it. She has gained 12 pounds, has a big appetite, sleeps well, bowels move regularly, and never has that tired, achy feeling any more. Dreco has proved to be a fine medicine for weak, feeble, elderly people and we are very grateful for it."

Hardly a day passes now but what some person tells of the wonderful good that Dreco has done them. Persons suffering from stomach disorders, indigestion, gastritis, kidneys all to pieces, liver that won't act, blood troubles, rheumatism, catarrh of the nose and stomach, nerves gone wrong, poor appetite, and that general rundown condition of the system. They are coming forward claiming that Dreco has put new life and energy into their lives. Dreco is a purely vegetable remedy, made from roots, herbs, barks and berries, the very things that Nature has provided for man's use to keep him well and strong.

All good druggists now sell Dreco and it is highly recommended in East Liverpool by Flick's Drug Store, 5th and Market streets.

BANK DEPOSITS HIT HIGH MARK

Reports from 117 Banks of the State are Made Public.

Deposits in the 117 state banks in West Virginia increased \$25,567,895.45 from July 30, 1919, to the same date this year, according to a statement made public by J. S. Hill, state banking commissioner. The resources of the state banks in that period increased nearly thirty millions.

The deposits in all the state banks on June 30, last, amounted to \$154,440,268.50, as compared with \$153,184,103.01, the showing on May 4, the date of the last preceding call. The call of Feb. 28, this year, showed total deposits of \$150,661,980.16; that of Sept. 12, 1919, showed \$136,341,288, and that on June 30, 1919, showed \$128,932,373.05.

These statements on call indicate, the commissioner pointed out, that the increase in deposits has been steady throughout the year, with no signals up that the peak has yet been reached.

The deposits on June 30 last were divided as follows: Subject to check \$88,677,218.24; demand certificates, \$1,452,398.47; time certificates, \$31,333,485.67, and savings deposits, \$32,977,166.12.

The increase in loans and discounts on June 30 over those of the same date last year was \$24,279,608.51.

The increase in capital stock of all the state banks in the last year was \$1,345,940.33. The surplus fund also increased from \$8,961,575 to \$9,929,289.98, an increase of nearly a million.

The report, which will be one of the tables appearing in the biennial report of the department, which is about ready to go to the printer, will show that the resources of the state banks have made a growth in the last two years of nearly \$40,000,000.

The state banks hold United States bonds, certificates and war savings stamps amounting to \$10,508,350.42. The value of banking houses in the state increased during the year by \$361,435.99, but a slight decrease was shown in the value of bank furniture and fixtures.

NO ACTION ON NEW GAS RATE

State Public Service Commission Hearing Company's Application.

Although permission has been granted the Manufacturers Light & Heat company to increase its gas rates to Ohio consumers, no action has yet been taken by the West Virginia Public service commission on the application for increased rates to consumers in this state.

The hearing on the application of the gas company which supplies consumers in Ohio, Pennsylvania and West Virginia was started by the commission this week. H. A. Quay of Pittsburgh, general manager of the Manufacturers Light & Heat company, testified before the commission Tues-

day relative to the general earnings and expenditures of the company and this phase of the application is being gone into further at Wednesday's hearing.

The city of McMechen, a suburb of Wheeling, is protesting against the proposed increase in gas rates, the protest having been filed by City Solicitor A. E. Bryant of McMechen. T. C. Townsend of Charleston is acting for the applicant.

The Chester city council recently decided to file no protest against the increased rates, after Mr. Quay had presented figures substantiating his claim that the advance was necessary in view of the increased cost of producing.

The company seeks to increase the price of its product from 37 cents to 47 cents per 1,000 cubic feet, with a two-cent discount for each 1,000 cubic feet if payment is made before the tenth of the month.

Reappointed Medical Inspector

Dr. C. C. Ross, Hookstown physician, has been reappointed medical inspector for the schools in the boroughs of Shippingport, Hookstown, Frankfort Springs and Georgetown and Raccoon, Potter, Hanover, Independence and Green townships. The

appointment was made this week by the state department of health. Dr. Ross has held this office for a number of years.

Tobacco Hardens the Arteries, Overtaxes the Heart and Shortens Life

Says Dr. Connor, Who Suggests a Simple Test to Find If It Is Hurting You. Can You Stand It?

New York. Dr. Connor, formerly of Johns Hopkins hospital, says: Hundreds of thousands of men who smoke and chew and who believe themselves healthy are suffering from progressive organic ailments. They would never have been afflicted had it not been for the use of tobacco and most of them would soon get well if they would only stop the use of tobacco.

The best known habit forming principal of tobacco is nicotine, but the most deadly and demoralizing is furfural. Both are deadly poisons which when absorbed by the system slowly, but surely, affect the nerves, membranes, tissues, vital organs and vitality of the body.

The harmful effect of tobacco varies and depends on circumstances and the individual. In some it causes general debility, others catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, cowardice and fear, mental confusion, etc. In others it causes heart disease, bronchial troubles, hardening of the arteries, palpitation of the heart, tuberculosis, blindness, cancer and the common affliction known as tobacco heart.

If you use tobacco in any form you easily detect its harmful effects by making the following simple tests: Read aloud a full page from a book. If your voice becomes muffled, hoarse and indistinct and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of very serious catarrhal trouble. Next, in the morning, before taking

your usual smoke, walk up three flights of stairs at a regular pace, then stop. If you find that you are out of breath, if your heart is forced, trembling or irregular, if your heart trouble, if you feel that you must smoke or chew to quiet your nerves, you are a slave to the tobacco habit and are slowly poisoning yourself with the insidious deadly drugs, nicotine and furfural. In either case, you have just two alternatives—keep on with your self-poisoning process regardless of the dangers, and suffer the consequences, or rid yourself of the habit and escape the dangers.

You can overcome the craving and stop the tobacco habit in a very short time by using the following inexpensive formula: Go to any drug store and ask for Nicotol. Take one tablet after each meal and in a comparatively short time you will have no desire for tobacco. The craving will have left you. With the nicotine poisoning coming out of your system your general health will quickly improve.

Note: When asked about Nicotol, one of our leading druggists said: Nicotol is truly a wonderful remedy for the tobacco habit. It is way ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit. Nicotol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including Chas. T. Larkin.

The company seeks to increase the price of its product from 37 cents to 47 cents per 1,000 cubic feet, with a two-cent discount for each 1,000 cubic feet if payment is made before the tenth of the month.

THE ONLY KIND WHICH SUCCESSFULLY RIVAL THE ORIENTAL IN BEAUTY AND WEAR

The yarns of which both Whittall and Oriental Rugs are made come from the same sources—Persia and the Himalayas. The designs include many faithful copies of famous Eastern rugs—while the Whittall dyes are superior because scientifically made. Practically the only difference between our Whittall rugs and Oriental rugs is in the making. Oriental rugs are made by human fingers, with their proneness to err—while steel "fingers," in whose movements there can be no variation, weave every thread of our famous Whittall make.

HURRY WORK ON HALL CO. PLANT

Kiln Placers Start On First
Kiln at No. 2 Plant on
Thursday.

BY M. K. ZIMMERMAN

Kiln-placers will start on the first kiln at the No. 2 plant of the Hall China company, Thursday. Excellent progress is being made by the firm in getting their new plant in routine operation, not a hitch being reported in any department.

Over 90 percent of the product will be teapots, and as a result the shop is employing more casters than the majority of the potteries in the East Liverpool district.

Decorators will begin work in this plant as soon as the ware comes through the kilns. About 25 or 30 gilders are to be employed, as the firm plans to feature a decorated line of teapots as well as that possessing the plain colors.

On account of the additional capacity of five kilns this company is accepting larger specifications than here before. F. L. Simmers, sales manager for this plant has firmly established the line throughout the United States and Canada, with the result a rather large amount of future business has been placed with the company.

Embargo Situation

The embargo situation, so far as the territory east of Pittsburgh and Buffalo is concerned, is admitted rather serious. As an illustration, nothing is being accepted here for forwarding to points on the New York Central. No intimation is received through official channels here when the situation will be relieved.

One manufacturer has had a shipment of ware packed and ready for forwarding to Hudson, N. Y., for over three months, but is unable to make shipment on account of the embargo.

At the local offices of the Cleveland & Pittsburgh railroad it is said that the embargo rules are firm and that "the east is tied up rather tight."

You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

It Is Iron In The Blood That Makes Iron Muscles Like These---

Physician Explains a Secret of the Great
Power and Endurance of Athletes—Tells
How Organic Iron—
Nuxated Iron Helps Build
Rich, Red Blood
That Gives Physical
Strength and Energy

To touch the arm of a strong, sturdy man—to feel the steel-like firmness of those muscular sinews—to think of the tremendous force and power that must lie behind such strength—these are thrills that come to the thin-blooded men and women whose own bodies are weak and physically unfit.

It takes men of red-blooded force and power to hit the sledge-hammer that counts—and whether you are a pile-driver or a bank president you cannot expect to win out against odds forever unless you are a man of iron—constantly able to strike—and strike hard.

"There are countless numbers of men today who at 40 are broken in health and steadily going downward to physical and mental decay," says Dr. John J. Van Horne, formerly Medical Inspector and Clinical Physician on the Board of Health of New York City. "Yet there are those who at 40 are in the prime of life, and who are able to meet the problems of everyday life, I believe that physicians should, at every opportunity prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day, after meals, for two weeks. Then test your strength again and see for yourself how much you have gained. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance, which comes from having plenty of iron in the blood, while

merial Hospital, Hot Springs, Ark. He writes this department about the Arkansas chigger, saying: "What is a chigger? Well, if you were down here in Arkansas you would soon find out what a chigger is. All you have to do is to walk through the woods on the mountain side and your chances of getting acquainted with them are certainly fine.

"You rub against a bush or set on a log and then you start to scratch. The seek tick is about the same, only larger than the chigger. It is so small you can hardly see it with your eyes but you know they are there. They are of a reddish brown color and you get thousands of them on you.

The best description of them is this, told me by Miss Jessie Young, a nurse here at the hospital:

"Here's to the chigger.
"That grows no bigger.
"Than the very small point of a pin.
"But the bump that he raises
"Itches like blazes.
"And that's where the rub comes in.

A. M. Lindsay Estate

Although no direct estimate was made in the will of the late A. M. Lindsay of the firm of Sibley, Lindsay & Curr Co., of Rochester, N. Y., of the worth of his estate, it is said, however, that "real estate exceeds \$25,000 and personal property exceeds \$1,500,000 and \$2,000,000. The will asks "that the stock by him owned in the firm of Sibley, Lindsay & Curr be kept as an investment."

AUTO RIDE FOR 200 CHILDREN

Playground Official Plans Feature for Friday
Evening.

More than 200 kiddies attending the down town and East End playgrounds are expected to participate in the free automobile ride to be held here Friday evening. Miss Margaret Rice, playground director, declared Wednesday.

Miss Rice and W. L. Lewis, secretary of the Chamber of Commerce, are arranging facilities for the down town kiddies, while Miss Mary Louise Irwin is engaging machines for the East End. The start will be made

from the playgrounds at 7 o'clock Friday evening. Girls under 12 years and boys under 8 years of age will be invited.

The older girls from both the down town and East End playlets will enjoy a picnic hike Friday afternoon at Thompson park. Miss Alice Bloor, down town assistant director, will have charge of the group. The girls will meet at 2 o'clock and hike to the park.

Twenty entries have already been listed for the doll carriage parade to be held on the down town lot, Second and Washington streets, August 11th. Fourteen of the entries are from the down town and six from the East End. A beautiful doll, contributed jointly by the Ogilvie Dry Goods company and J. S. Hilbert, will be given the girl having the best dressed doll of her own handiwork in the parade.

Gold, silver and bronze buttons will be awarded the winners of first, second and third places in the inter-playground field and track meet at Columbian park Wednesday, August 4. Ten events will be run off during the afternoon.

POTATO PRICES AT STANDSTILL

Higher Shipping Rates Keeps
Retail Quotation Stationary Here.

Despite the fact that there has been a big drop in wholesale prices of potatoes in the Pittsburgh (Pa.) and Louisville (Ky.) markets, the retail price of new potatoes here has shown but little inclination to decline.

One reason for the nearly-stationary price on potatoes and other produce is the increase in shipping rates due to a re-routing of produce shipments from Pittsburgh. The bulk of produce received here is shipped over

the Panhandle to Steubenville and up on the West Virginia side of the river to Chester. The freight rate by that route is slightly higher than that over the Cleveland and Pittsburgh division, it is said. To this must be added bridge toll charges and other incidentals.

Potatoes were quoted at \$9.25 per 150-pound sack wholesale here. A retail price of \$5.50 per bushel or \$1.40 per peck is charged by down town grocers. Southeastern "cobblers" were quoted at \$8.25 and \$8.50 per sack in the Pittsburgh market Tuesday.

Kentucky potato growers have quit digging this year's crop and are making no deliveries so as to give the markets a chance to clear up. It is said. Best quality Kentucky cobbles are quoted at \$4.85 per hundred pounds.

Dayton—The local labor organization has leased Memorial Hall in anticipation of caring for from 2,500 to 3,000 delegates to the Ohio State Federation of Labor to meet here October 2 and to continue in session a week.

WALTER BROWN URGES NEED OF HIGHER TARIFF

U. S. Senatorial Candidate

Toledoan Goes to Steubenville
After Spending Night
Here.

Pressing need for a higher protective tariff to safeguard American industries was strongly emphasized by Walter F. Brown of Toledo, candidate for the Republican nomination for U. S. senator, in an address delivered at the Eagle club here Tuesday evening.

"The first duty of our next congress," Mr. Brown said, "will be to take us out of war. As soon as a formal peace is concluded the task of revising the tariff must be taken up. The blighting effects of the Democratic tariff were becoming apparent when the war suddenly came upon us and destroyed foreign competition."

"As soon as the industries of Europe are able to produce a surplus, our markets will again be flooded with goods made under the lower standards of living which prevail in Europe and the wheels of American industry will stop turning."

Mr. Brown arrived here shortly after 7 o'clock from Youngstown where he made several addresses on Tuesday. He was accompanied by N. C. Wright of the Toledo Blade, Mr. Brown's publicity director. The two were met by Attorney Ben L. Bennett, president of the Young Men's Republican club, T. A. McNicol, Joseph Betz, and John McDonald.

Brief visits were paid to the Masonic lodge, Elks' club, Moose temple and other lodges. He later delivered an address during the dance at Rock Springs park. He left early Wednesday morning for Steubenville.

Springfield—Members of the union employed by the Springfield Railway company are suggesting that while the company is taking up its fare raise with the city commission it should take into consideration an increase in pay which they expect October 1. The old schedule expires then. The men are now getting 43, 45 and 47 cents an hour.

The company has been asked by the

city commission to furnish additional information about the company's receipts and expenses. It claims that its six-cent fare is not sufficient to make present ends meet. An effort will be made to get an eight-cent fare.

Columbus—"Ohio grape growers are receiving \$125 a ton this year, as against only \$75 two years ago," said G. L. Coole, member of the executive committee of the Ohio Farm Bureau Federation.

Cooley said that production among Ohio grape growers has not decreased since nationwide prohibition became effective.

"Prospects this year will be 87 per cent of a normal crop of 8,000,000

vines in Ohio, compared with a 90 per cent crop last year," said M. P. Callander, chief statistician, federal-state crop reporting service. Callander announced that monthly reports dealing with the Ohio grape situation will be issued during June, July, August, September and October next year.

PAT-A-CAKE Cuts out the fuss

YOU don't have to cream the butter and sugar and beat the eggs in well and add all the other things—

Just take one package of Pat-a-cake, mix with one cup of water, then pour into oiled tins and bake.

Pat-a-cake is ready mixed, so that you can have a cake in the oven in a minute. It contains the same pure ingredients you use in making cake the old, tedious way—but it cuts out the fuss and uncertainty.

You can always make a perfect cake with Pat-a-cake and it's very economically priced.

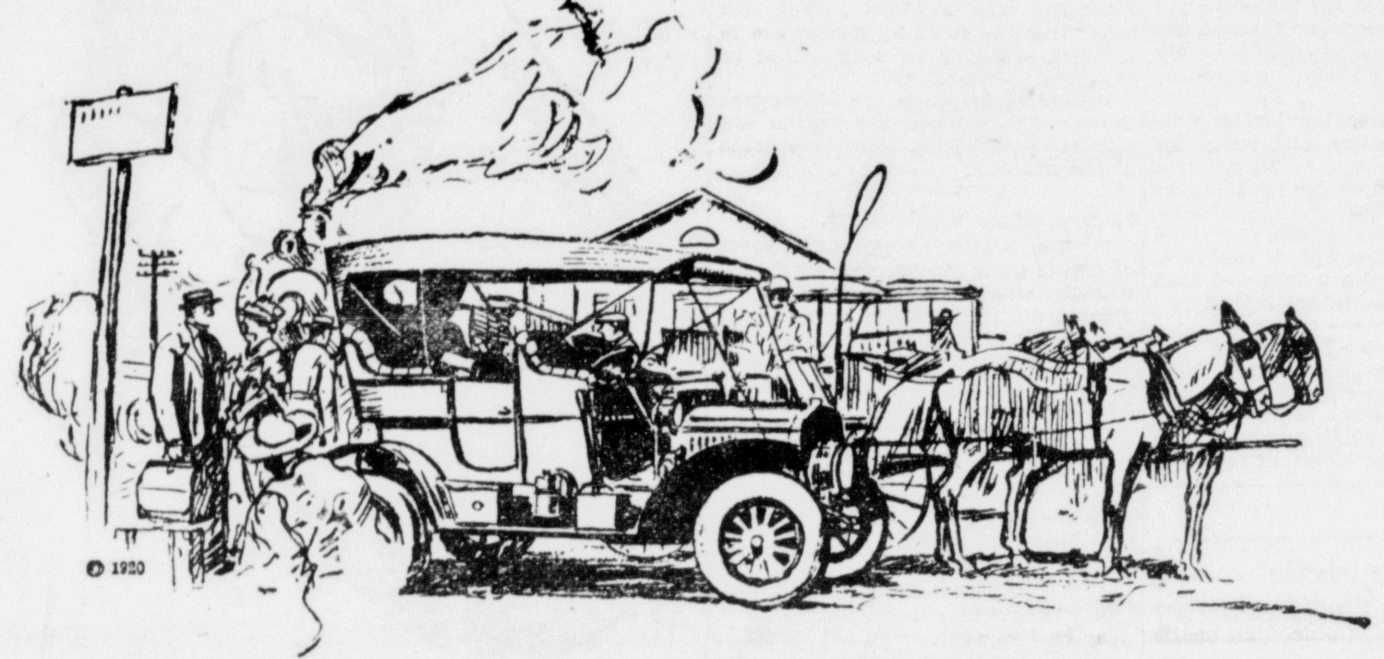

Pat-a-cake Money-back Guarantee

If for any reason you are not entirely pleased with Pat-a-cake, tell your dealer and he will refund the purchase price.

PAT-A-CAKE a GAMBRILL Product

When the train came in back in 1910

TEN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

ROYAL CORD—NORTH CHAIN—USCO—PLAIN

Anybody who tells you that owners of moderate-price cars are not interested in the quality of their tires has never met very many of them.

We come in contact with the small car owner every day and we have found that he is just as much interested as the big car owner.

There is one tire, at least, that makes no distinction between small cars and large cars so far as quality is concerned—the U. S. Tire.

Every U. S. Tire is just like every other in quality—the best its builders know how to build.

Whatever the size of your car, the service you get out of U. S. Tires is the same. It isn't the car, but the man who owns the car, that sets the standard to which U. S. tires are made.

We feel the same way about it. That's why we represent U. S. Tires in this community.

WALTER BROWN URGES NEED OF HIGHER TARIFF

U. S. Senatorial Candidate
Makes Address At the
Eagles Club.

VISITS LODGE ROOMS

Toledoan Goes to Steubenville
After Spending Night
Here.

Crossing need for a higher protective tariff to safeguard American industries was strongly emphasized by Walter F. Brown of Toledo, candidate for the Republican nomination for U. S. senator, in an address delivered at the Eagle club here Tuesday evening.

"The first duty of our next congress," Mr. Brown said, "will be to take us out of war. As soon as a formal peace is concluded the task of reviving the tariff must be taken up. The blighting effects of the Democratic tariff were becoming apparent when the war suddenly came upon us and destroyed foreign competition."

"As soon as the industries of Europe are able to produce a surplus, our markets will again be flooded with goods made under the lower standards of living which prevail in Europe and the wheels of American industry will stop turning."

Mr. Brown arrived here shortly after 7 o'clock from Youngstown where he made several addresses on Tuesday. He was accompanied by N. C. Wright of the Toledo Blade, Mr. Brown's publicity director. The two were met by Attorney Ben L. Bennett, president of the Young Men's Republican club, T. A. McNicol, Joseph Betz, and John McDonald.

Brief visits were paid to the Masonic lodge, Elks' club, Moose temple and other lodges. He later delivered an address during the dance at Rock Springs park. He left early Wednesday morning for Steubenville.

Solving the Divorce Problem from a New Angle

And the Perplexing Predicament That Awaits the Would-Be Divorcee with the Next Life Partner Already Picked Out, in Case the Ecclesiastic Laws Are Amended, as Now Proposed, **TO MAKE RE-MARRIAGE IMPOSSIBLE**

Mrs. Edward B. Close's Unexpected Divorce Ends a Romance Which Had Been Regarded as "Ideal."

By Helen H. Hoffman

If re-marriage were forbidden, one of the chief and most disgraceful causes for divorce would be removed. A great number of divorces are sought with the deliberate and shameful purpose of forming new so-called marriages which, when fancy changes, may be given up in favor of others.—Rev. Dr. William T. Manning.

Rev. Dr. Manning is the rector of old Trinity parish, New York, and one of the leaders in a movement of church workers directed at the so-called modern divorce evil. Briefly explained, the movement aims to discourage divorce, not by making divorce impossible, but by making it impossible for a divorced person to re-marry.

Weddings of that kind, involving the severing of one bond in order that another may be formed, are frequent nowadays. In fact, there have been instances where a divorced person has re-married only to find that the newly formed union was equally as disagreeable as the first one. And immediately arrangements have been made for another divorce with a view to re-marriage with a more suitable life partner.

Mrs. Yocum's Thirteenth Divorce

A recent news dispatch sent out from Cedar Rapids, Ia., informed the remainder of the United States that Mrs. Alice L. Yocum had just received her thirteenth divorce at Boone, Ia. Mrs. Yocum, it was stated, took her divorce as a matter of course. She declined to make any statement as to her future plans.

And in view of the apparent ease with which divorce and re-marriage is adapted to the whims of the discontented, churchmen all over the country are propounding three questions for serious discussion, argument, answer and action. Here are the questions:

Is marriage, the most splendid institution of social life, threatened with extinction because grownups lack the discipline to make it a success? Has the reckless divorce habit which has grown up in this country put our marriage system on a plane less moral than that of polygamy?

What can the church and the state do to curb the divorce habit which threatens to undermine and disrupt the American family?

There is an answering movement on foot already aiming to prevent the re-marriage of any divorced person, guilty or innocent, by any clergyman of the Protestant Episcopal Church. Recently at a meeting held in New York a number of the foremost members of the clergy discussed the question, with this object in view. The present canon permits the re-marriage of the innocent party in a divorce action. It is surrounded by safeguards which have been regarded, for some time, as satisfactory. But the advocates of the prohibitory legislation declare marriage and divorce to be the most pressing moral problem before the nation.

The Church Suggests a Remedy

Dr. William T. Manning, while discussing the subject, quoted figures to show the appalling increase in divorce.

"In 1906," he said, "the records showed one divorce in thirteen marriages. In 1916 they showed approximately one divorce in nine marriages. In Oregon and Washington, investigation is said to have shown that during a recent six months' period the ratio was one divorce to every two marriages. On Manhattan Island alone, 1335 divorce suits were entered in 1919 as against 836 in 1918!"

Dr. Manning said he was convinced that if the divorce courts were abolished, the overwhelming majority of those who now seek divorce would find it possible to live together with reasonable contentment. "Many," he said, "would find the happiness of faithful marriage."

"To say that men and women may live together for a time and then, with legal sanction,

separate and form new alliances, as often as they please, is practically to abolish marriage and to substitute a system of legalized free love.

"Statistics show that our nation has now gone to a point which perhaps few of us realize. We are sinning against the law of God and against the law of our own life as no nation calling itself Christian ever has done."

While divorce, some years ago, was looked upon as a diversion reserved almost wholly for the rich, its growth today has spread over all classes of society.

However, it would appear from the court records that the wealthier classes still maintain the lead in keeping the divorce courts busy. In fact, the divorce fad has spread to the French courts, and many wealthy Americans, to avoid the airing of their domestic grievances in public, have recently appealed to the courts of France for deliverance from their matrimonial partners.

The most socially prominent in this long list of divorcees is Mrs. Ogden Livingston Mills, Jr., daughter of Mrs. W. K. Vanderbilt by a former marriage. Recently from Paris, where she had gone to pass the summer with her mother, came the announcement that Mrs. Mills had obtained a divorce from the young scion of one of New York's proudest and wealthiest families.

The crop of spring and summer divorcees for 1920 will resemble a considerable part of Newport's social register. Divorce has sub-divided various families of fashion-

Mrs. Samuel J. Wagstaff, Who Surprised the Newport Colony by Filing Suit for a Divorce.

able society practically all over this country. Close on the heels of the announcement of Mrs. Mills' divorce came the news that Leonard M. Thomas and Mrs. Thomas had decided to go their separate ways. Both are young, handsome, intellectual and popular in New York and Philadelphia society. Mrs. Thomas, who was the daughter of Mrs. Charles Oelrichs of New York, was married in 1910 to Leonard M. Thomas, whose father was a partner in the banking house of Drexel & Co. of Philadelphia. Mrs. Thomas

was called by the famous French artist, Paul Helleu, on his last visit here, "America's most beautiful woman." Young, rich and beautiful, with everything to induce happiness, the Thomases have admitted their marriage was a failure. The divorce was granted in France.

Another well known social favorite who recently obtained legal separation from her husband in the French courts is Mrs. Phil Lydig, whose former husband was W. E. D. Stokes, wealthy hotel owner and stock raiser.

"Where will divorce in our best families lead us to?" pertinently asked an old dowager of Fifth Avenue. "Yes, where will it?" echoed a dozen young divorcees at a recent afternoon tea.

Experts admit that it is as difficult to trace the relationship of many well known families, because of the numerous divorces, as it would be to undo a Chinese puzzle.

The End of an "Ideal" Romance

Fashionable society of New York and of Greenwich, Ct., where the couple have a magnificent home, was shocked to hear of the domestic infidelity of the Edward B. Closes.

These two young people were regarded as ideally married. What then caused this dissolution of the highest form of friendship and love? It was not a question of money or keeping the wolf from the door, because Mrs. Close was wealthy in her own right, having inherited half of the \$20,000,000 estate left by her father, Charles W. Post, of Battle Creek, Mich.

One of the most widely discussed society divorces of late was that of the grand-daughter of H. H. Rogers, Standard Oil magnate, from Alexander Dallas Pratt, well known clubman of New York. The former Mrs. Pratt has now been married to Preston Gibson of Washington. Preston Gibson had been twice married before he took his third bride, the beautiful Mrs. Pratt.

About the same time, Mrs. Reginald Vanderbilt obtained her divorce from the brother of Alfred Vanderbilt, who lost his life aboard the ill-fated Lusitania.

Hardly had society settled down again to enjoy a peaceful domestic life when Mrs. Samuel J. Wagstaff surprised the Newport colony by filing a suit for divorce.

Mrs. Wagstaff's sister, Miss Julia French, shocked Newport a few years ago by eloping with a good-looking chauffeur, the "handsome Jack Geraghty." This marriage proved a failure, and Mrs. Geraghty obtained a divorce. Following this elopement Mrs. Wagstaff's father and mother, Mr. and Mrs. Anos Tuck French of Tuxedo, separated.

Social Unrest to Blame

What, then, it is asked, is the cause for this modern social unrest? Are the moods and whims of men and women who fling off their matrimonial partners as they would a discarded coat or hat due to a lack of discipline ingrained in their characters during the years of youthful development?

Many members of the clergy who have made a study of these perplexing matrimonial problems believe this is responsible for most of the trouble of domestic life.

"Unless," say they, "one is willing to adapt one's self to the discipline which married life involves, one should not take the sacred marriage vows, only to trample them ruthlessly later on whenever one's fancy dictates.

"What guidance have the young people for this matrimonial experiment? In many instances their parents have set the example of divorce in their own lives. By what standard can they measure their own failure or happiness?"

And in answer to this scores who have made a success of their marriage, and the ministers as well who have been investigating the causes for divorce, point to this solution of the problem:

"If," says one prominent clergyman, "the rules of conduct laid down by the Great Teacher 2000 years ago were adhered to today by married people—rules that apply to every phase of human existence, such as love, unselfishness, forbearance, patience, justice and truth—if these became a part of the family life, divorce courts would be abolished and divorce would cease to exist."

All Fashionable Society Was Much Interested in the Recent Announcement that Mrs. Ogden L. Mills, Jr., Daughter of Mrs. W. K. Vanderbilt, Has Obtained a Divorce in Paris.

Hardly had society settled down again to enjoy a peaceful domestic life when Mrs. Samuel J. Wagstaff surprised the Newport colony by filing a suit for divorce.

Mrs. Wagstaff's sister, Miss Julia French, shocked Newport a few years ago by eloping with a good-looking chauffeur, the "handsome Jack Geraghty." This marriage proved a failure, and Mrs. Geraghty obtained a divorce. Following this elopement Mrs. Wagstaff's father and mother, Mr. and Mrs. Ames Tuck French of Tuxedo, separated.

Social Unrest to Blame

What, then, it is asked, is the cause for this modern social unrest? Are the moods and whims of men and women who fling off their matrimonial partners as they would a discarded coat or hat due to a lack of discipline ingrained in their characters during the years of youthful development?

Many members of the clergy who have made a study of these perplexing matrimonial problems believe this is responsible for most of the trouble of domestic life.

"Unless," say they, "one is willing to adapt one's self to the discipline which married life involves, one should not take the sacred marriage vows, only to trample them ruthlessly later on whenever one's fancy dictates."

"What guidance have the young people for this matrimonial experiment? In many instances their parents have set the example of divorce in their own lives. By what standard can they measure their own failure or happiness?"

And in answer to this scores who have made a success of their marriage, and the ministers as well who have been investigating the causes for divorce, point to this solution of the problem:

"If," says one prominent clergyman, "the rules of conduct laid down by the Great Teacher 2000 years ago were adhered to today by married people—rules that apply to every phase of human existence, such as love, unselfishness, forbearance, patience, justice and truth—if these became a part of the family life, divorce courts would be abolished and divorce would cease to exist."

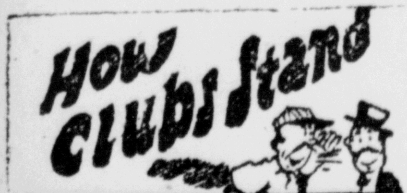

All Fashionable Society Was Much Interested in the Recent Announcement that Mrs. Ogden L. Mills, Jr., Daughter of Mrs. W. K. Vanderbilt, Has Obtained a Divorce in Paris.

able society practically all over this country.

Close on the heels of the announcement of Mrs. Mills' divorce came the news that Leonard M. Thomas and Mrs. Thomas had decided to go their separate ways. Both are young, handsome, intellectual and popular in New York and Philadelphia society. Mrs. Thomas, who was the daughter of Mrs. Charles Oelrichs of New York, was married in 1910 to Leonard M. Thomas, whose father was a partner in the banking house of Drexel & Co. of Philadelphia. Mrs. Thomas

TRACK MEET TO FEATURE FAIR

High School Cinder Stars To Compete At Columbus Sept. 3 and 4.

What promises to be one of the most interesting and most largely attended affairs of its kind in recent years will be the track and field meet to be held at the state fair at Columbus, Sept. 3 and 4, under the management of the fair committee.

The meet will be divided into two sections. On Friday, Sept. 3, the high school cinder stars of the state will try their mettle, while Saturday morning will see the cream of Ohio's amateurs waiting for the track of the state's pistol. In Saturday's meet only amateurs residing in Ohio and registered with the A. A. U. may compete.

The feature event on both days will be a regulation A. A. U. pentathlon, consisting on Friday of the 100-yard dash, discus, broad jump, shot put and half mile and on Saturday, including the 220-yard dash, mile, discus, javelin and broad jump.

Gold, silver and bronze medals will be awarded winners of first, second and third places, respectively, while ribbons go to fourth places. Gold medals go to each of the four members of the winning relay team.

Gold watches will be given to both of the pentathlon winners.

Points for places will be scored 5, 3, 2 and 1.

Special cups or plaques will be awarded as follows:

School or organization winning meet; relay winner; individual high point winner.

Many athletes of national reputation are expected to enter this meet, among them C. C. Cooks, holder of the Big Six broad jump record and member of the 1920 Olympic team; Allan Rankin, discus thrower supreme, and T. T. Pittenger, who won the quarter in the May Big Six.

Many high schools have sent in entries, among which are North and Commerce of Columbus, West High of Akron, Celina, Beverly, Mt. Carey, Fairfield township, Erie township, Dorset, Albion, Lake township, Elmore, Maumee and Cortland.

This list comprises some 75 men and covers a field of 150 individual entries.

Kilbane — Root
CLEVELAND, July 28.—Johnny Kilbane, featherweight champion, and Artie Root, of Cleveland, one of the most likely contenders for Kilbane's crown, will meet in a ten-round bout here tonight. Cal Delaney, of Cleveland, and Charlie Beecher of New York, will fight a ten round semi-final bout.

Clark Is Outpointed.

CINCINNATI, July 27.—Chuck Wiggins, champion of Australia, outpointed Jackie Clark of Allentown, Pa., here last night in the greatest ten-round glove contest ever staged in this city. Both men were in superb condition and weighed in under 165 pounds.

Brooklyn used fifteen players in an effort to check the Reds, but even that grand total failed, the champions romping home, 8 to 3.

Hamilton's pitching made it easy for the Pirates to trounce the Phillies 7 to 1.

The Giants celebrated their return to the Polo Grounds by mopping up on the slipping Cardinals. Every Giant except King and Lefevre hit safely.

After winning a tight game from the Senators, Cleveland went to pieces and lost a weird affair in which Washington scored nineteen runs.

The Cubs were not even given a good workout at Boston. They trimmed the Braves, 12 to 2.

Faber's brilliant pitching in turning back the Tigers makes the White Sox look more like a contender.

U. S. ATHLETES IN GOOD SHAPE

Hard At Work Every Day On Board the Frederick.

By JACK VELOCK.

ON BOARD U. S. S. FREDERICK (By Wireless), July 28.—All the American athletes on the Frederick, bound for the Olympic games at Antwerp, are in perfect health and are hard at work every day. Not a single case of sea sickness was reported to day among the 1,098 persons on board. The weather is fair and the Frederick is making good time. She is racing with the Princess Matoika, which also bears a contingent of American athletes, and is 145 miles ahead.

George Heintz, the American fencing coach, believes that the United States will make an exceptional showing in this branch of sport, but predicts that there will be the strongest possible competition from the French and Italian swordsmen.

REESE FORMULA R-11 WORTH ONE THOUSAND DOLLARS A BOTTLE SAYS S. O. LOAMAN, OF STEUBENVILLE

S. O. Loaman of Steubenville Suffered for Five Years with Stomach Trouble—One Bottle of Reese Formula R-11 Relieved Him

"No amount of money could buy what remains in the first bottle of Reese Formula R-11 which I bought a few days ago," said S. O. Loaman, prominent transfer man of 1046 Market street, Steubenville, Ohio, to the REESE FORMULA MAN at Cope's Drug Store in that city.

"I have suffered for five years from my stomach without relief. Although I have not taken the entire first bottle my trouble has disappeared and if I could not get another bottle money couldn't buy what I have left.

"I had indigestion so bad that I would frequently faint from smothering spells, due to gas forming and pressing against my heart. I was so dizzy at times that I would have to cover my eyes and hold something to keep from falling. My stomach would swell sometimes as much as three inches. The attacks became more frequent and my suffering seemed to increase. At night it would often be necessary for my wife to lift me upright in bed, not only to breathe easier, but to breathe at all. I had very little appetite and the food I ate seemed to turn me so that I did not enjoy my meals.

"I began taking the Reese Formula R-11, after the seventh dose I began to notice a change and, although I have not finished the first bottle, I now enjoy every meal and sleep like a baby at night. I am buying two more bottles and will always have it in the near future. As I have said before I wouldn't take one thousand dollars for what I have left in the first bottle if I couldn't get any more. That's what I think of it and most heartily recommend it to all my friends and neighbors.

"If you suffer from your stomach, liver or kidneys in any form such as indigestion, nervousness, rheumatism, sleeplessness, backache, urinary or female trouble, get a bottle today. It will prove as valuable to you as it has to Mr. Loaman.

"If you wish further information, write direct to our Medical Adviser, Medical Department, The Reese Formula Co., Huntington, W. Va.

Race Series, But One, Poor, Says White—Both Boats Now Ready for the Junk Men.

By FRANCIS J. WHITE.

NEW YORK, July 28.—The crowning effort of yesterday's contest by which America retains the premier position in the yachting world was in keeping with the rest of the races, which can be summed up as a poor exhibition of one of the noblest and most skillful sports known to man.

Had Resolute taken twelve minutes longer to make the thirty-mile course, it would have been declared no race. That had already happened twice previously and indeed the only time the race was worthy of the name was when the boats made a dead heat.

The series of races has not proved what it was originally intended, which is the better all-around boat. In a light wind the American was superior, but light winds are held in righteous contempt by the sportsman who "loves a wet sheet and a flowing sail."

With the captains it was different. Charles Francis Adams, the Boston sailing master, proved time and again he knew more about Resolute than William Burton did of the Shamrock. The Yankee had been sailing his boat for six years. The Englishman six weeks. But Burton's slowness in action when he could have gained by it, and his lack of judgment generally, was appalling and no doubt they do things that way in England. But Charles Adams played the biggest part in retaining America's cup.

Already a race to Bermuda or around Long Island has been suggested for the next contest, but whatever is decided on, the conditions are expected to call for a test of speed and stability. The racing shells, mere frail machines, must be replaced by something that can be useful for sea purposes when she has completed her racing.

The Shamrock and Resolute are now ready for the junk men.

No account of America's cup in modern times would be complete without reference to that red-headed sportsman, Sir Thomas Lipton.

He was close to the finishing line last night and the atmosphere sounded crazy with whistles and sirens, the baronet's boat, Victoria, steamed straight for the winner, and gave him three hearty British cheers. Sir Thomas immediately intimated his intention of being ready with a challenge next year for Shamrock V to sail against America's best in 1922. The Irishman was a bit blue over the result, which was foreseen four hours before it arrived, but his irrepressible Irish smile lit up his tanned features, as he said: "Why, of course, the best boat won. I am more than ever impressed by American sportsmanship. But wait, my boys, till you see the new Shamrock. That name will prevail in the end, for while it has been defeated, it has never been conquered."

RIVER NEWS

The Liberty Transit company, operating a fleet of packets on the upper Ohio river, is planning to enter the barge trade, it was announced Monday.

The company has purchased the steamer Boston which is now being converted into a covered barge, to be used in shipping tinplate or steel. It will have a freight-carrying capacity of 800 tons and will be operated between Pittsburg and down river points.

The new steamer, Senator Cardell, purchased from a Memphis (Tenn.) concern, is expected to be placed in the upper Ohio river packet trade this week by the Liberty Transit company. Down river terminal of the new boat has not been announced.

A shipping boom on the Ohio river is imminent, river men in touch with the situation in this vicinity declared Tuesday. Several concerns along the upper Ohio river are constructing docks. A movement is being launched to slackwater the Beaver river as far northward as Beaver Falls to provide river outlet for industries in that community.

With the addition of the steamer Senator Cardell to its fleet of Ohio river packets, the Liberty Transit company has the finest equipped passenger-carrying vessel afloat in upper Ohio waters.

The steamer recently purchased from a Vicksburg (Miss.) concern, will make its maiden trip up the Ohio river under the ownership of the Liberty Transit company early next week. It will carry a passenger list of 100 from Gallipolis to Pittsburg and will touch the East Liverpool wharf.

The steamer will enter the trade between Pittsburg and Huntington. It will be fitted out to take care particularly of passenger patronage, but will also have facilities for carrying freight. It was designated by the U. S. government to carry mails between Natchez and Vicksburg at one time.

The American Bridge company launched three barges last week at the company's plant at Ambridge. On Wednesday a tank barge, which is the fourth of seven similar barges launched for the Standard Oil company and is consigned to Baton Rouge. On Friday the last of 25 barges was launched to be used in connection with a barge line from St. Louis to New Orleans.

This barge was finished in a week and will be temporarily used by the war department at Wheeling to take cement from the Pittsburg district to the lower dams on the Ohio. On Saturday a barge for the Missouri Portland Cement company of St. Louis was launched which, with two others to be completed within the next few weeks, will complete the order of this St. Louis concern. This barge will carry steel products to Louisville from this port, and will be towed light from Louisville to St. Louis.

RIVER NEWS

The Liberty Transit company, operating a fleet of packets on the upper Ohio river, is planning to enter the barge trade, it was announced Monday.

The company has purchased the steamer Boston which is now being converted into a covered barge, to be used in shipping tinplate or steel. It will have a freight-carrying capacity of 800 tons and will be operated by two men.

The new steamer, Senator Cardell, purchased from a Memphis (Tenn.) concern, is expected to be placed in the upper Ohio river packet trade this week by the Liberty Transit company. Down river terminal of the new barge has not been announced.

A shipping boom on the Ohio river is imminent, river men in touch with the situation in this vicinity declared Tuesday. Several concerns along the upper Ohio river are constructing docks. A movement is being launched to slackwater the Beaver river as far northward as Beaver Falls to provide river outlet for industries in that community.

With the addition of the steamer Senator Cardell to its fleet of Ohio river packets, the Liberty Transit company has the finest equipped passenger-carrying vessel afloat in upper Ohio waters.

The steamer recently purchased from a Vicksburg (Miss.) concern, will make its maiden trip up the Ohio river under the ownership of the Liberty Transit company early next week. It will carry a passenger list of 100 from Gallipolis to Pittsburgh and will touch the East Liverpool wharf.

The steamer will enter the trade between Pittsburgh and Huntington. It will be fitted out to take care particularly of passenger patronage, but will also have facilities for carrying freight. It was designated by the U. S. government to carry mails between Natchez and Vicksburg at one time.

The American Bridge company launched three barges last week at the company's plant at Ambridge. On Wednesday a tank barge, which is the fourth of seven similar barges launched for the Standard Oil company and is consigned to Baton Rouge. On Friday the last of 25 barges was launched for the lower Mississippi waters to be used in connection with a barge line from St. Louis to New Orleans.

This barge was finished in a week and will be temporarily used by the war department at Wheeling to take cement from the Pittsburgh district to the lower dams on the Ohio. On Saturday a barge for the Missouri Portland Cement company of St. Louis was launched which, with two others to be completed within the next few weeks, will complete the order of this St. Louis concern. This barge will carry steel products to Louisville from this port, and will be towed light from Louisville to St. Louis.

NEW CUMBERLAND Mrs. William Charters and two daughters, Ruth and Helen and Mrs. Jacob Lang of Pittsburgh, are the guests of J. L. Troop and family of Brownsdale.

Dorothy and Virginia Smith have returned home after a three weeks' visit with their uncle, Jasper Smith and family of Sebring.

Mrs. M. V. Cummings, of Grafton is the guest of L. E. Polen and family. Mr. and Mrs. Clyde Campbell of Warwood, and Elsie Campbell of Pittsburgh spent Sunday with their parents, Mr. and Mrs. James B. Campbell.

Mary Kobb of Wellsville, spent Sunday as guest of Major Cooper. Mr. and Mrs. Sam Ella of Yorkville were called to this place Saturday by the death of Mrs. Ella's father, John Pucci.

Mrs. H. G. Hackenburg and daughter Marion who have been the guests of the former's parents Mr. and Mrs. J. Morrow for the past week have returned to their home in Bellevue.

Mrs. H. L. Dunlevy of the Globe was an East Liverpool shopper Saturday.

C. A. Smith of Chester, Alex. Mahon of Arroyo, and E. T. Hibbs, county agricultural agent of Brooke county, left Sunday for Martinsburg, W. Va., to look over and inspect some apple orchards. The trip will be made in the former's auto.

Paul Jones who has been employed in the oil fields at Beattyville, Ky., has returned home and is visiting his parents Mr. and Mrs. J. F. Jones at Weirton.

Mrs. Hosea Penny of Brownsdale was an East Liverpool shopper Saturday.

EAST END GIRLS TO ENJOY PLUNGE IN POOL

Girls of the East End under the direction of Miss Margaret Rice, playground supervisor, will enjoy a plunge in the Y. M. C. A. swimming pool Wednesday afternoon. It was announced Tuesday. The party will meet at the East End playlot at 2 o'clock and go to the pool in a body.

The organization of the girls' volleyball team was completed Monday with the election of Miss Wilma Wilkinson as captain. After a few practice games are played, it is planned to schedule a series of games between the East End girls and the team representing the Wellsville playlot. A five-game series will be played.

Work of preparing Columbus park for the athletic meet to be held August 4, was started Monday. The East End boys are planning to have at least two entries in each event in an effort to get revenge for the defeat handed them by the down town boys during a recent dual meet. Six girls from this end of the city have entered the doll parade to be staged at the down town lot on August 11. Prizes will be awarded the girl who has the best dressed doll.

Dog Poisoner Busy.

Residents living in the vicinity of Boyce avenue, East End, are today endeavoring to discover the identity of the person responsible for the poisoning of several valuable dogs within the past few days.

Four dogs, owned by different residents in that section, have died from eating poisoned meat. In one case the meat was thrown over a fence to a canine.

EAST END PERSONALS.

Mrs. Bell Daugherty of Mulberry street is visiting friends and relatives in Pittsburgh.

Arthur Hutton, Mulberry street, is improving from a recent illness.

Daniel Steiner, St. George street, is ill of scarlet fever.

Mrs. W. H. Goodballet of Ohio avenue, who has been ill for several weeks, is improving.

RIDDLE'S IMPRESSION OF HARDING NOTIFICATION

Gatherings Such As Marion Witnessed Last Week Furnishes An Inspiration, Says Probate Judge Candidate.

BY M. K. ZIMMERMAN

While a lot has been written and said about the big gathering at Marion a few days ago to take part in the nomination exercises, Attorney Lodge Riddle of Lisbon, candidate for Probate Court on the Republican ticket tells a new one. "If you want inspiration, go to such a gathering as they staged in Marion," said Mr. Riddle. "I took a little vacation and went to Marion, and was glad I did. There was no confusion whatever. There was a band, seemingly on every street corner, and everybody was happy. What struck my eye was the big delegation from Dayton, the home of Governor Cox, the Democratic candidate for the presidency. Well, if Dayton votes like the noise it made in Marion, Senator Warren G. Harding has the city sewed up."

"You should have read some of the banners the Dayton bunch carried. There were so many I could not remember the text of them all, but I do recall a few. One read: 'Did Cow bow to Wilson in Washington? No! He laid down.' Then another had something like this: 'Let us forget—He kept us out of war.' One banner had this text: 'Dayton is for Cox-Nevers.' 'It was the first nomination ceremony I ever attended. I'll never forget the scene.'"

When trustees of West township discussed road improvement work with the County Commissioners this week Ralph W. Emmons, of East Rochester was spokesman for the delegation. First thought was the grading of a two-mile piece and then the discussion was lengthened to six miles.

County Commissioner Patrick McNicol favored the six mile piece of grading and declared that "any resolution to which this board affixes its signatures means business from the word go," this after some doubt was expressed that such a lengthy piece of work could be put through this year.

"We have half a dozen contractors after us now for grading jobs and the bigger the job the bigger the firm that will take it," put in Commissioner John H. Hinchliffe.

"That's the way we like to hear people talk," came from one of the trustees.

After the discussion ended and the crowd left the Commissioners' office another of the visitors said to a companion—"that's a real business board of commissioners."

"I am unable to tell you the date, but the Columbiana county train to Marion to visit Senator Warren G. Harding is a sure go," declared Charles E. Hamilton, chairman of the County Republican Central Committee today.

"We have to await a date that will suit the convenience of those in Marion," he said. "We now have a list of over 100 names from the central and northern part of the county who want to make the trip, and I understand T. A. McNicol of East Liverpool also has a large list seeking reservations. We'll have a crowd, and they'll come from all parts of the county."

It is possible that this train will be run early in August. A conference is to be held within a few days between those of the County Committee who are boosting the excursion, immediately thereafter the excursion date will be announced.

"Offices seem to be as scarce in Lisbon as in a large city," opined Prosecuting Attorney Walter Beck who will go in business for himself at the close of his present term. "I've been looking around and found for a suitable location, but they are hard to be had here just now. It's like hunting for an empty office in a large city, but I'm still on the hunt and will have one before many months."

VOLUNTEER TO AID IN IMPROVING HIGHWAY

Residents of Midland and other Beaver county cities have volunteered their services in a movement to improve the river road between Vanport and the Ohio state line. The movement has been launched by the recently organized Midland Automobile club of which Thomas Poe is president.

The proposed improvement of the road has been before the county authorities for a number of years, but no action has been taken. It is planned to have all manufacturing plants, stores and business houses close on a certain day, to be known as Good Roads day. Scores of automobiles donated by the residents will be used to carry material for the improving of the highway.

Several manufacturing firms have promised to donate material to be used on the road.

OAKLAND ATHLETICS DEFEAT MIDLAND A. C.

The Oakland Athletics added another victory to their long string when they defeated the Midland A. C. ball team in a loosely played game at Columbus park Tuesday evening. The final score was 9-7.

Both pitchers were wild, bases on balls being responsible for most of the runs scored. Errors by the Midland infield were responsible for four of the East End team's nine runs. The score: R. H. E.

FIND GIRL'S BODY IN RIVER AT MIDLAND

The body of Miss Hilda Haller, aged 17, who was drowned in the Ohio river last Sunday at Rochester, Pa., was recovered near dam No. 7, Midland, Tuesday evening. The body was discovered by Lookmaster J. V. Green. Identification was made by the clothing, a description of which had been sent out. Mr. and Mrs. Augustus Haller of Monaca, parents of the girl, were notified of the recovery of the body, following its removal to a Midland morgue. The body was taken to the late home Wednesday morning.

The girl lost her life when a canoe, in which she and two other girls were crossing the river, capsized. Her companions were rescued.

VOLUNTEER TO AID IN IMPROVING HIGHWAY

Residents of Midland and other Beaver county cities have volunteered their services in a movement to improve the river road between Vanport and the Ohio state line. The movement has been launched by the recently organized Midland Automobile club of which Thomas Poe is president.

The proposed improvement of the road has been before the county authorities for a number of years, but no action has been taken. It is planned to have all manufacturing plants, stores and business houses close on a certain day, to be known as Good Roads day. Scores of automobiles donated by the residents will be used to carry material for the improving of the road.

Several manufacturing firms have promised to donate material to be used on the road.

OAKLAND ATHLETICS DEFEAT MIDLAND A. C.

The Oakland Athletics added another victory to their long string when they defeated the Midland A. C. ball team in a loosely played game at Columbian park Tuesday evening. The final score was 9-7.

Both pitchers were wild, bases on balls being responsible for most of the runs scored. Errors by the Midland infield were responsible for four of the Oakland team's nine runs. The score:

R. H. E.	
Oakland	9 7 2
Midland	7 6 2

EAST END GIRLS TO ENJOY PLUNGE IN POOL

Girls of the East End under the direction of Miss Margaret Rice, playground supervisor, will enjoy a plunge in the Y. M. C. A. swimming pool Wednesday afternoon, it was announced Tuesday. The party will meet at the East End playlot at 2 o'clock and go to the pool in a body.

The organization of the girls' volleyball team was completed Monday with the election of Miss Wilma Wilkinson as captain. After a few practice games are played, it is planned to schedule a series of games between the East End girls and the team representing the Wellsville playlot. A five-game series will be played.

Work of preparing Columbian park for the athletic meet to be held August 4, was started Monday. The East End boys are planning to have at least two entries in each event in an effort to get revenge for the defeat handed them by the down town boys during a recent dual meet. Six girls from this end of the city have entered the doll parade to be staged at the down town lot on August 11. Prizes will be awarded the girl who has the best dressed doll.

Dog Poisoner Busy.
Residents living in the vicinity of Boyce avenue, East End, are today endeavoring to discover the identity of the person responsible for the poisoning of several valuable dogs within the past few days.

Four dogs, owned by different residents in that section, have died from eating poisoned meat. In one case the meat was thrown over a fence to a canine.

RIDDLE'S IMPRESSION OF HARDING NOTIFICATION

Gatherings Such As Marion Witnessed Last Week Furnishes An Inspiration, Says Probate Judge Candidate.

BY M. K. ZIMMERMAN

While a lot has been written and said about the big gathering at Marion a few days ago to take part in the nomination exercises, Attorney Lodge Riddle of Lisbon, candidate for Probate Court on the Republican ticket tells a new one. "If you want inspiration, go to such a gathering as they staged in Marion," said Mr. Riddle. "I took a little vacation and went to Marion, and was glad I did. There was no confusion whatever. There was a band, seemingly on every street corner, and everybody was happy. What struck my eye was the big delegation from Dayton, the home of Governor Cox, the Democratic candidate for the presidency. Well, if Dayton votes like the noise it made in Marion, Senator Warren G. Harding has the city sewed up."

"You should have read some of the banners the Dayton bunch carried. There were so many I could not remember the text of them all, but I do recall a few. One read: 'Did Cow bow to Wilson in Washington? No! He laid down.' Then another had something like this: 'Lest we forget—He kept us out of war.' One banner had this text: 'Dayton is for Cox-Nevers.' It was the first nomination ceremony I ever attended. I'll never forget the scene."

When trustees of West township discussed road improvement work with the County Commissioners this week Ralph W. Emmons, of East Rochester was spokesman for the delegation. First thought was the grading of a two-mile piece and then the discussion was lengthened to six miles. County Commissioner Patrick McNicol favored the six mile piece of grading and declared that "any resolution to which this board affixes its signatures means business from the word go," this after some doubt was expressed that such a lengthy piece of work could be put through this year.

"We have half a dozen contractors after us now for grading jobs and the bigger the job the bigger the firm that will take it," put in Commissioner John H. Hinchliffe.
